by Rick Alan Fogle
ABSTRACT

This study presented the historical development of the Student Centers Committee at the University of Wisconsin-La Crosse. The primary purpose of the study was to trace the development of the Student Centers Committee during the period of 1959 to 1982. A second purpose was to identify the contributions of past and present directors, faculty members, students, and staff involved with the Student Centers Committee and its program. The final intent of this study was to summarize trends in regards to student enrollment, changing student and institutional needs, and general changes which have had an impact on the structure and role of the Student Centers Committee.

This study provided a chronological summary of the significant actions and policy statements of the Student Centers Committee from the period of 1959-82. This summary was then analyzed to determine the impact of the Committee's actions and policies on the development of the present Student Activities and Centers' programs and operations.

CHAPTER I
INTRODUCTION

As a vital part of the University of Wisconsin-La Crosse Student Activities and Centers out-of-class educational activities, the Student Centers Committee allows students to gain valuable lifelong skills and experiences through participation in the Committee's various responsibilities. As a result of their involvement, students are provided the opportunity to learn how "to live better with themselves and others, to serve well the communities in which they may make their livings, and to participate fully in the rights and responsibilities of ... their citizenship" (University of Wisconsin-La Crosse Student Activities and Centers Objectives and Purposes Statement, 1973).

Since its inception in 1959, the Student Centers Committee (originally named the Student Union Board of Control) has provided students, faculty, and staff the opportunity to develop and discuss general policies regarding the operations and programs of the Center, and recommend them to the Chancellor. As an organized student activity, student members develop a sense of personal maturity and social responsibility, as well as, improve their communicative, interpersonal, and leadership skills (Stroup, 1964).

Purpose of the Study

The purpose of this study was to relate to the reader a history of the development of the Student Centers Committee at the University
of Wisconsin-La Crosse, from 1959-1982. A second purpose was to identify the contributions of past and present directors, faculty, students, and staff who had an influence in the formation, achievements and growth of the Student Centers Committee. A third purpose was to summarize trends in regards to student enrollment, changing student and institutional needs, and general changes which have had an impact on the structure and role of the Student Centers Committee. Finally, this study would serve as a resource for further study of the Student Centers and its programs.

Need for the Study

To date there has been no serious effort made to compile and/or analyze the history of the Student Centers Committee at the University of Wisconsin-La Crosse. The educational and political problems associated with the growing need for retrenchment within the university, coupled with a need to further justify the validity of out-of-class educational programs, makes a study of this type both essential and timely. Further, this study would serve as a valuable resource to current Student Centers Committee members and staff in helping them to understand the how and why of the past and present conditions, roles and trends of the Committee. In a very practical sense, this study would help present Student Centers Committee members and staff recognize the common goals and concerns that they share with the members of the original Student Union Board of Control.

Procedure

The study presented in chronological order the development of the Student Centers Committee at the University of Wisconsin-La Crosse, from 1959 to 1982. A variety of resources were used in the preparation
and writing of this study. Primary resources used were the minutes of the Student Centers Committee from 1959 to 1982. In addition, personal interviews were conducted with past and present directors, faculty committee members, and staff. Secondary resources used included relevant materials from published and unpublished studies of the University of Wisconsin-La Crosse. Additional information was also obtained from the University of Wisconsin-La Crosse Student Handbook, Racquet, La Crosse, Alumnus, and Alumni briefs.

**Delimitations of the Study**

The study was conducted at the University of Wisconsin-La Crosse during the spring semester and summer session of the 1981-82 academic year and the findings are not applicable to any other college or university.

The study specifically focused on the development of the Student Centers Committee at the University of Wisconsin-La Crosse, from 1959-1982. There was no attempt to analyze data relating to any other committee or program of the Student Centers.

**Definition of Terms**

**Campus Controls Council.** The directly elected student government from 1947-68 whose major purpose was to provide students an opportunity and means for self-expression and self-government.

**Centers Activities Board.** The major programming organization within student activities consisting of the chairman and representatives of the various student entertainment committees. In earlier forms, it was referred to as the Operations and Procedures Council and the Program Council.
Sports and Activity Clubs-Council. The organization responsible for coordinating and administering the common needs of the various sport and activity clubs. Consisted of the chairman of each individual club.

Student Centers. The Centers referred to Cartwright and Whitney Centers whose programs and services are the "center" of the students out-of-class educational experience.

Student Centers Committee. The organization responsible for the over-all supervision, policy formation, and budget for the Bookstore/Textbook Library. Food Service, the operation and facilities of the student centers, and the cultural, social, and recreational programs administered through the various program committees.

Student Union. The physical facility which sought to "unify" the campus community. Provided students, faculty, and staff a place to meet, eat and enjoy recreation.
CHAPTER II

A SUMMARY OF MINUTES

1958-59

The initial meeting of the Students Centers Committee, then known as the Student Center Board, was held on March 23, 1959 at the home of Dr. Maurice O. Graff (Dean of the College, 1954-64). Present at this meeting were President Rexford S. Mitchell (1939-66), Dr. Graff, Miss Edith Cartwright (Dean of Women, 1941-69), Mr. Fred Lengfeld, faculty representative, and Mr. Ken Thomas, Mr. Tom Vail, and Miss Mary Lou Ulferts - senior, junior, and sophomore class representatives respectively. Serving as temporary officers for the meeting were Dr. Graff, chairman, and Mary Lou Ulferts, secretary. Though absent, Mr. Richard J. Gunning (Dean of Men, 1947-71) was also a member of the Board.

Mr. Lengfeld moved that a faculty member serve as chairman during the first year with student chairmanship maintained in succeeding years. With the motion passed, Dr. Graff, Tom Vail and Mary Lou Ulferts were nominated and approved as chairman, vice-chairman, and secretary respectively.

With its leadership established, the Board discussed candidates for the position of Union Director. Mr. Lengfeld moved that the Board recommend Mr. Robert Stecuk (assistant Dean of Men, 1956-59, Director of the Student Union, 1959-64, Dean of Students 1964-69) to President Mitchell to be considered as Union Director. The motion was passed,
and upon President Mitchell's approval, Mr. Steuck was notified and invited to attend the remainder of the meeting. After his arrival, the Board discussed the position of Assistant Union Director but no action was taken. Soon thereafter the nearly three hour long meeting came to a close.

Recognizing the need to facilitate student input in union programming and policy decisions, the Board approved the creation of an advisory committee to the Union Director at its second meeting on April 2, 1959. The advisory committee would consist of the chairmen of the union's nine subcommittees, including: the food, arts and crafts, games, dance, music, forum, operations, and procedures, public relations, and hospitality. The Board discussed how these subcommittee members should be chosen, but no action was taken. Additional topics of discussion were the position of assistant union director, union furnishings, and next year's food service. No action was taken. Though a staff and Campus Controls Council Committee had named the majority of rooms in the union, the Board was reminded that the large dance room in the east wing of the third floor and the recreation room were still unnamed. It was suggested that the names commemorate the Indian heritage of the area.

The third meeting of the Student Center Board occurred on April 7, 1959. During this meeting the Board agreed to select the members to the subcommittees of the advisory committee. In subsequent years, the subcommittee chairman would select members for that particular committee. To help coordinate the various responsibilities of the Board, Dr. Graff suggested that two subcommittees be formed. Concurring, the Board approved a subcommittee consisting of Mr. Lengfeld, Mr. Thomas,
and Miss Ulferts to study overall policies of the union, and, another
including Dr. Graff, Miss Cartwright, and Mr. Vail to arrange a public
tour and open house of the completed union.

During the next two meetings, significant name designations were
made. At the April 14, 1959 meeting, the Board, acting upon the
suggestions of Sandy Crane and the Spangler House, the Regent room was
renamed the Pow Wow room and the large dance room on the third floor
was named the Coulee room. At its next meeting on April 21, 1959,
Mr. Vail moved, and the Board approved that the recreation room be
called the La Crosse room.

Though no significant action was taken at the Board's sixth meeting
on April 28, 1959, the members discussed the main calendar, union
policies, and a local pharmacy's (Degen-Berglund), willingness to
cooperate with the information center and book sale, and the Union Open
House planned for May 28. At the seventh meeting of the Board on May 5,
1959 again there was no formal action taken. However, the Board formed
a sub-committee of Miss Cartwright, Mr. Lengfeld, Mr. Steuck, and Mr.
Vail for the purpose of selecting a location of a picture of the game
La Crosse. It was also reported that the installation of the four
bowling alleys had been started and the remainder of the furnishings
had arrived.

No action was taken at the following meeting.

At the next meeting on May 14, 1959, Dean Cartwright moved that
a list of sub-committee members be approved and that the power to
add to or delete from the list be delegated to Mr. Steuck. The
list was approved unanimously. The Board also decided to accept a
piece of art as chosen and contributed by the Social Committee. The
need for a duplicating machine, several typewriters, moveable partitions, equipment for the arts and crafts room, and a picture and plaque of the game of La Crosse was also discussed.

No action was taken at the following meeting.

At the tenth meeting on May 26, 1959, the Board discussed and accepted the contract with Degen-Berglund to coordinate book sales. In addition, it was reported that the Snack Bar and Cooperative Boards will disband and turn over their equipment to the union. Also, it was reported that the union had purchased two George Steck pianos.

No action was taken at the Board's eleventh meeting.

At the next and final meeting of the semester on June 9, 1959, the Board accepted a painting of the game of La Crosse offered by the Phi Kappa Epsilon fraternity, which was to become Alpha Kappa Lambda in 1962. It was decided to hang the painting on the southwest wall of the La Crosse Room. In concluding the meeting, the Board informally agreed to allow members on-campus during the summer to carry out any necessary business.

1959-60

With the beginning of the fall semester, 1959-60, the Board was referred to as the Student Union Board in their minutes. Though no action was taken at the thirteenth meeting on September 15, 1959, Mr. Steuck announced that Mr. Don Strand (Assistant Director of the Union, 1959-64, Director of the Union and Food Service, 1964-68, Director of Student Centers, 1968-70) was appointed Assistant Director of the Union. In addition, it was reported that Governor Gaylord Nelson would officially dedicate the Union on September 17, 1959.

At the next meeting on September 22, 1959, the Board discussed
the need for additional coat racks and cleaning help. Also, it was reported that long cafeteria lines were causing increasing problems.

The fifteenth meeting of the Student Union Board was held on October 6, 1959. Mr. Thomas moved and the Board approved that all bands performing for special occasions such as Homecoming and the Winter Formal must be members of the Musician's Union. Student bands could be hired for informal mixers intended only for the students at La Crosse State College. The Board also authorized Mr. Steuck to develop a policy regarding smoking in the meeting rooms.

Several problems including a lack of coat racks, students studying in the U-Bar during the lunch hour, and the need to improve the clean-up of the union dominated the discussion at the sixteenth meeting of the Board on October 27, 1959. Mr. Vail moved and the Board approved that the Director use the funds provided by the defunct Snack Bar and Cafeteria Boards for the purchase of new coat racks and book shelves. No action was taken at the sixteenth meeting.

The following meeting of the Student Union Board was held on November 17, 1959. As the Board had accepted a painting of the game La Crosse from the Phi Kappa Epsilon fraternity, the Social Committee withdrew its offer of a mural of the game, and instead offered to donate permanent Christmas decorations to the union. The Board unanimously approved a motion to accept the Social Committee's gift.

At the next meeting on December 15, 1959, the Board authorized the purchase of a new billiard table and additional coat racks and book shelves.

No significant action was taken at the nineteenth, twentieth, and twenty-first meetings of the Board.
At the twenty-second meeting on April 26, 1960 the Board discussed the Slater food service and Degen-Berglund Bookstore contract negotiations. The Board also discussed the possibility of using a merit system for student wages. In formal action, funds were approved for a third custodian and it also accepted the Neuman Company bid for a portable amplified podium.

The next meeting of the Student Union Board on May 19, 1980 provided an opportunity for the members to discuss the Union's summer hours and need for additional telephones. Mr. Gunning moved that the Board also approve a one year bowling pin leasing agreement with the Northland Bowling Supply Company. As summer approached, the Board authorized the purchase of six fans at approximately $100.00 each.

Though no significant action was taken at the meeting held on May 31, 1960, the Board discussed the enclosure of the information booth, the welfare fund, fans, an informational packet describing student organizations, and a merit system for student employees.

1960-61

The twenty-fifth meeting was called to order by Student Chairman Tom Vail on September 27, 1960. It was reported that the proposed installation of air conditioning was delayed due to a lack of funds. Also, the new two-way inter-communication system in the U-Bar, and the portable, closed circuit unit in the Coulee room were working well. The approved bowling pin leasing arrangement had been cancelled and the staff was experimenting with four different types of pins to determine which lasted longest. Mr. Steuck informed the Board that students would never be charged for using union facilities unless the room is used for a fundraiser. In addition, Mr. Steuck reported that the Degen-Berglund contract had been renewed. Mr. Lengfeld moved and
the Board approved that the Hospitality and Public Relations Committees be combined giving the Board eight subcommittees. Due to complaints of food carts being used as freight carts, Mr. Gunning recommended that Slater food service purchase their own freight trucks and use the present equipment properly. Further, Mr. Gunning recommended that Mr. Steuck meet with the dance committee and prevent too many dances of the same type being held in succession.

The next meeting of the Board was held on October 25, 1960. The Board discussed the new Slater food service contract including these three major changes:

1. Slater agrees to replace all glasses, silverware, and china.
2. Part-time student workers are to be hired and paid by Slater.
3. Slater will pay a specific percentage of its gross earnings to the Board.

Gunning moved that non-student groups be charged $5.00 for the use of a room and student groups using the Union's facilities for fundraisers be charged a fee of 10% of the gross receipts. The Board approved the motion unanimously. The Board also approved a Social Committee proposal for a movie to be shown every two weeks in the A-V auditorium and a new policy charging Viterbo students for the use of the Union's facilities.

At the following meeting held on November 22, 1960, the Board approved a motion by Mr. Vail to purchase two new serving lines, one of which would be portable. The Board also approved the purchase of another microphone plug-in for the U-Bar. It was reported that the Boy Scouts had requested meeting rooms for a year in advance. It was agreed that they be informed that this was not possible and that they
can reserve a room a week in advance at the regular charge. It was the concensus of the Board to ask Mr. Strand to attend all meetings as an ex-officio member. Responding to a suggestion for an on-campus post office from the library staff, it was decided that there was neither the funds nor the facilities for such a project.

The following meeting of the Student Union Board was held on December 19, 1960. Due to a lack of sufficient study areas on-campus, it was suggested that the union serve as a study hall, especially on weekends. The Board's concensus was that this building was not designed, nor intended as a place for organized study.

At its next meeting held on January 24, 1961 the Board discussed a proposed remodeling plan. Priority items included an addition to the center entrance by the cafeteria to provide for an increased check room area and an exit stairway for the second floor meeting rooms and the Coulee room entrance. Other items discussed were a Union Bank, a storage area for sororities and fraternities, a radio broadcasting station, an enclosed television area, air conditioning for the banquet rooms (208-210), and an elevator extended to the third floor. Also at this meeting, the Board discussed the need for additional student help as fewer recreation students were doing their fieldwork in the Union. Mr. Steuck reported that a new oven had been installed and he recommended that the upperclassmen be served their evening meal in rooms 208-210.

A special meeting was called on February 16, 1961 for the purpose of discussing the expansion of the Union. The Board authorized the architectural firm of Schubert and Associates to draw up plans which would extend the building's north and east wings. This additional space
would provide needed storage areas for coats, books and food service equipment. In addition, the Board discussed the possibility of using flexible partitions to enclose the television viewing area.

Though no significant action was taken, the Board discussed the poor sanitary conditions in the food service areas and again, the possibility of enclosing the television viewing area at its meeting on February 28, 1961.

No significant action was taken at the Board’s meeting on March 28, 1961.

The next meeting of the Student Union Board was held on April 11, 1961. Dr. Graff moved and the Board approved that educational groups be charged a single fee for food service and room use. After discussing the proposed expansion plan, Dr. Graff moved that the projects be considered as one and that the improvements of the food service to meet the demands of the increasing number of students living on-campus be deemed the highest priority. Other action included Board approval of an allocation of funds for the Union director to attend the State Director’s meetings. The Board also recommended that student members of the Student Union Board attend the meetings of the Operations and Procedures Committee and that the number of Board subcommittees be changed from eight to five.

A concern regarding the use of the Union’s facilities by various religious groups was discussed at the meeting of the Board on April 25, 1961. Responding to a complaint made by the Campus Controls Council (CCC), the Board declined that the use of the Union by outside groups was a part of university’s public relations program as long as there was no conflict with scheduled college activities.
Due to a lack of funds for the proposed expansion project, the Board agreed to allocate the reserves appropriated for new air conditioners to extending the food serving area. Further, the Board decided to recommend to President Mitchell that the student activity fee be raised at least $.50 per student, per semester. Mr. Strand reported that the Union was purchasing a cinemascope lens and screen, and ten films were planned to be shown in the Snack Bar next year. Miss Ulferts moved and the Board approved the purchase of five new bicycles and the purchase of six used bicycles from the Coulee Trekkers for $125.00.

The following meeting of the Board was held on May 9, 1961. Due to an increase in requests for rooms by non-student groups, the Board stressed its philosophy of operating the Union strictly for La Crosse State College students. It approved the catering of banquets and picnics by the campus food service as long as it was for an on-campus group. The Board approved the 1961-62 budget and an Operations and Procedures (O and P) recommendation that the bulletin boards be increased in size and that the lounge managers be required to keep them neat. Mr. Steuck announced that five new bicycles were purchased.

The final Board meeting of the 1960-61 academic year was held on May 23, 1961. The Board discussed a concern regarding the use of bulk milk in the Snack Bar and recommended that Slater consider using packaged milk to prevent health problems. The Board also recommended that Slater study their banquet and Snack Bar operations and improve the sanitation of these areas. In other business, Mr. Steuck informed the Board of several new purchases including bowling pins, bicycles, kitchen equipment, and records for the stereo record player that the Phi Sigma Epsilon fraternity had loaned to the Union for use next year.
The thirty-sixth meeting of the Student Union Board was called by Chairman Mary Lou Ulferts on September 26, 1961. Responding to a request by the faculty for a reserved dining area, Mr. Gunning stated that they could use rooms 201 and 202 and coffee will be served. Mr. Strand reported that the new music will open on October 1. In other action, the Board agreed to furnish additional ash trays in the meeting rooms for smoking but not eating. It was also announced that the arts and crafts room would be open only three days a week due to its high operating costs.

At its next meeting, held on November 7, 1961, the Board discussed expansion plans and Greek pledge rules but felt this was best left up to the Inter-Sorority-Fraternity Council. Mr. Steuck announced that the Student Union had been allotted $.50 for each student from the student activity fund.

No significant action was taken at the Board's meeting on November 21, 1961.

The following meeting of the Board was held on December 12, 1961. Acting upon a request from Mr. Steuck, the Board turned down a proposed Christmas bonus for students working in the Union. As in past years, the Board approved the closing of the Union during Christmas break. The Board discussed future expansion possibilities including a need for a larger bookstore, additional recreational equipment, food service in the Coulee Room, a faculty room, air conditioning, and more coat space.

At the fortieth meeting held on January 9, 1962, the Board approved the plans for the expansion of the loan and employment offices. In addition, the Board discussed insurance needs, remodeling plans, and a
raise in Mr. Strand's salary.

On February 20, 1962 the Student Union Board held its next meeting. Mr. Steuck reported a new policy regarding student help had been developed, and that student employees must maintain a 2.0 grade point average to qualify for work. Mr. Strand informed the Board that the mid-semester operations went well. Though the rest of the building was closed, the La Crosse Room experienced heavy use. The Board approved a recommendation from the O and P Committee regarding the cancellation of major events. The policy change was as follows:

If cancellation of any major event on the permanent calendar of the Student Union is necessary by any organization on campus, cancellation must be made one month in advance of the event. Failure to do so will make the organization subject to a $25.00 fine and the organization will receive last consideration for scheduling on the major events calendar and the semi-monthly activity calendar for the following year.

Mr. Gunning moved and the Board approved an allocation of $200.00 for the purpose of starting a permanent art collection for the Union's rooms. Mr. Steuck informed the Board that fallout shelters were being investigated.

The following meeting of the Board was held on April 26, 1962. Though no action was taken, several issues were discussed including the 1962-63 biennium budgets and remodeling and expansion plans for the Union. The Union's expansion was an issue of great importance on campus and Dr. Steuck had been soliciting student, faculty, and employee reactions to the various proposals. A need for a commuter's lounge was discussed but no action was taken.
The Board also discussed a merit scale for student wages and Mr. Steuck recommended that workers with experience be given the opportunity to work longer hours and be able to select their working hours. A graduated wage scale based on experience and skills was discussed yet was tabled due to a concern on how it would affect other departments which employ students.

The next meeting of the Board was held on May 16, 1962. Mr. Steuck reported on his meetings with the architect, Carl Schubert, concerning the social and lounge areas. Also, he reported that there was a recurring problem with leaky walls and windows. The remodeling plans included the addition of snack bar facilities in the La Crosse Room, improvement of the first floor snack bar, increased banquet facilities on the second floor, and an increase of nine meeting rooms. The commuter lounge was discussed and it was suggested that one of the residence halls provide this service.

Acting on a recommendation of the Union Food Committee, the Board approved the following dress policy for the snack bar and cafeteria:

1. Monday through Thursday from 7:00 a.m. to 6:30 p.m. men are required to wear trousers and shirt or sweater. Women must wear skirts with a blouse or sweater.

2. After 4:10 p.m. on Friday and all day on Saturday neat casual dress is permitted.

3. Everyone is required to dress up for Sunday dinner.

The forty-fourth meeting of the Student Union Board was called to order by Chairman Rodney Oppreicht on September 24, 1962. President Mitchell reported that approximately $1,700.00 was allocated to the
Student Union toward furnishing the social room. Mr. Steuck reported on the annual report and the progress of the remodeling and expansion plans.

At the next meeting held on October 23, 1962, President Mitchell informed the Board that the Northern States Power Company would not allow any expansion around the electric vault located near the Union. Though no action was taken, the Board discussed the 1962-63 budget and the expansion of the food service areas and the guest facilities.

The next meeting of the Student Union Board was held on November 27, 1962. With the removal of the snack bar from the contract food service, the Board changed the dress policy approved on May 16, 1962 as applicable to the snack bar. The new policy required that students wear only neat, casual dress. The cafeteria dress policy remained unchanged. In response to a request by the Recreation Club, The Wifettes, and The Campus Dames, the Board approved a new policy regarding individuals or groups which desire to bring their own food into the union. The new policy stated that:

No food or beverage may be brought into the Union Building (with the exceptions of lunches brought in to be eaten in the proper areas during the noon meal and beverages supplied by local distributors with permission from the Union food service and the Student Union Directors.

Increased student use was causing additional cleaning problems and the Board discussed the possibility of hiring additional custodial staff but no action was taken.

The following meeting of the Board was held on January 8, 1963. Mr. Steuck reported that the floor plan for the Union expansion project
had been completed. It was also reported that the Student Loan and Employment office had been moved from M1 to room 203.

The forty-eighth meeting was held on February 26, 1963. The Board approved a future allocation for student and staff travel to visit other student unions. The Board also approved the purchase of the painting "Man and Boy" by Gibson Byrd for $200.00. It was moved and approved that Rodney Oppreicht be the Board's nominee for the Outstanding Student award given at the Recognition Banquet.

The next meeting of the Board was held on April 16, 1963. At this meeting, the Board reviewed and revised the Union's cancellation policy to read:

Organizations or individuals failing to cancel room reservations, keeping others from using the facilities and wasting effort and time of persons making special set-ups, will be billed to cover the cost of their neglect and inconsideration for others.

The fiftieth meeting of the Board was held on May 16, 1963. The Board agreed to invite the chairman of the Operations and Procedures Committee to Board meetings. It was reported that there will be a return to classroom dress in cafeteria and that the campus as a whole will attempt to establish an all-campus dress policy. Also, the request for the extension of the elevator to the third floor had been forwarded to Madison. The Board approved a renewal of the Degen-Berglund Stationary Stand contract. The Board also approved acceptance of the bid of the Prophet Food Service Company.

1963-64

The next meeting of the Student Union Board was called to order by chairman Sue Youle on September 24, 1963. Mr. Steuck reported that the
Union would receive ten percent of the profit from the Stationary Stand. He also reported that the request for an extension of the present elevator had been denied due to a lack of funds. The Board was informed that the dress policy in the cafeteria was working out well. There were still problems with line-skippers, coats, and books.

The following meeting was held on October 22, 1963. Though no action was taken, it was reported that the expansion of the Stationary Stand, bake shop, and bowling lanes will be completed by Christmas. Also, the architects were developing plans for the Indian head emblem to be put on the new entrance to the Union. Total costs ranged from $3,000 to $6,000.

The next meeting was held on November 20, 1963. The Board approved an amendment to the poster policy with the addition that professionally produced posters could be larger than 13" x 17", but they must be in good taste and be approved by the Union director. To coordinate the decoration of the new addition the Board formed a new subcommittee including Miss Cartwright, Mr. Dale Kendrick, Mr. Steuck, Joyce Nolte, and Sue Youle.

The following meeting was held on December 12, 1963. It was reported that the woodcut "Dichotomy I" by Ross Norris will be added to the permanent art collection of the Union. It was also reported that the expansion of the Stationary Stand had been delayed due to a lack of needed equipment. With the settling in of the Prophet Food Service Company the health inspections were improving.

The fifty-fifth meeting of the Board was held on January 28, 1964. Mr. Steuck announced the Union's need for a program director next year. It was also reported that members are needed for the Student Union
committees.

1964-65

The fifty-eight meeting of the Board was held on September 29, 1964. It was announced that the Indian head will be put up on September 30, 1964. It was hoped that the Indian head would become the campus symbol. Increased use of the Union was causing new problems. In recent weeks Valhalla was overcrowded during dances, over thirty classes were being held in the Union per week, and the lack of a third floor elevator prevented large banquets from being held in the third flood. Additional student help has been hired to assist the custodians. The Board was informed that student dress was again becoming a problem. Dr. Graff (Vice-President/Vice Chancellor, 1964-73) recommended that the Board forwarded suggestions for an all-campus dress policy to the administrative council.

was announced that a dedication dinner would be held on December 15 for the purpose of unveiling the portraits of the college's past presidents. Dean Steuck reported that the plans for an extension of the present elevator have been cancelled due to ventilation and repair problems. He also stated that the dress policy was still causing problems. It was decided that students who repeatedly violate the policy will be sent to the Deans. A committee was formed including Miss Cartwright, Joyce Nolte, Dave Frisbee, and Mrs. Pinkston to select works of art for the Union from the art gallery exhibits.

The sixty-first meeting was held on January 5, 1965. President Mitchell reported that the new food service building may be ready by the fall of 1967. Mr. Strand mentioned that there had been an increase in vandalism within the Union. He reported that the directory case by the main entrance was broken, furniture and lamp shades had been burned, furniture was broken, and several items had been stolen. Also,
the building was broken into over Christmas break but the vandal was caught and suspended from the University for the second semester. The Board approved the purchase of the "Great Bird" a La Malfa sculpture for $200.00.

The next meeting of the Board was held on February 10, 1965. The Board approved a purchase of kitchen equipment for $9,000. The equipment included a walk-in refrigerator, stack oven, and kettles. It was reported that several hassocks have been stolen.

The following meeting of the Board was held on February 23, 1965. The Board discussed the possibility of offering a fourteen and twenty meal plan. It was decided that a one meal plan worked best and helped to keep costs down. The Board formed a food service contract committee including Dean Steuck, Vice-President Graff, and Dean Cartwright.

The next meeting was held on March 23, 1965. In response to a request from the State Bureau of Engineering, it was decided to put the proposals for interior remodeling and air conditioning on one bid. It was mentioned that the high cost of name bands was causing a problem. Dean Steuck reported that several outside groups have commended the food service on campus. To help the faculty understand the cafeteria problems, it was discussed that each faculty member be invited to eat in the cafeteria.

The sixty-fifth meeting of the Board was held on April 27, 1965. The Board accepted John Stage as the Campus Controls Council nominee to the Board. Dean Gunning moved and the Board approved that the usual procedure be followed for new officers. Senior Dave Frisbee would serve
chairman, Judy Boeder as vice-chairman, and sophomore John Stage as secretary. Dean Gunning moved and the Board approved the acceptance of the Bookstore contract.

The next meeting of the Board was held on May 20, 1965. It was announced that Dr. Edward Carlsson (business manager) and Dr. Steuck will replace Dr. Graff and Mr. Lengfeld on the Board. Further, Mr. Strand will become Director of the Union and Dr. Steuck will become the Dean of Student Affairs. In response to a request from the CCC there will be a new clock placed in the U-Bar.

1965-66

Mr. Strand reported that there was a significant increase in use of the Union during the summer in comparison to past years. In addition, several room name changes had been made. They were: the La Grotto to Wigwam, Coulee Room to Tribal Room; Rooms 206-207 to Council Rooms; and Rooms 208-210 to Indian Commons. Also, an information center will be placed in front of the bookstore. He also mentioned that a completion date of September 8, 1966 had been set for the food center and that only two cafeterias may be put into operation depending on total costs.

The next meeting was held on October 26, 1965. The Board approved the formation of a new committee to coordinate the Social Cultural area remodeling including Dean Cartwright. Other members would be added later. Mrs. Pinkston reported that there were not enough meeting rooms available for the number of requests being made. It was also reported that a ski club has been formed on campus.

The following meeting was held on December 9, 1965. Judy Boeder
moved and the Board approved that student groups will be charged for
the use of special equipment, and a janitorial charge will be used only
when holding money-making events. In addition, the Board approved a
charge for each item of equipment used by non-campus groups. Dean
Gunning moved and the Board approved the room charges policy as revised.
Dean Steuck moved and the Board approved the purchase of china and silver
for the Social Cultural Area as long as a student is involved in the
final selection. Judy Boeder volunteered to serve on the Social Cultural
area committee. Mr. Strand reported that there was still a problem of
theft of the Union's Christmas decorations. Dave Frisbee suggested and
the Board agreed that President Mitchell should be made a lifetime
honorary member of the Board.

The seventieth meeting was held on January 4, 1966. The minutes
of the previous meeting were corrected to read: Dean Steuck moved that,
room charges for community groups with extra charges for special equip­

a committee with representatives from the O and P Bookstore sub­

construction of the four dining areas was low and therefore would allow
the facility to be fully operational by September. It was reported that
income from the bookstore and food service was up over past years.
Though Mr. Strand recommended a twenty meal per week plan, the Board
felt that the nineteen meal plan was sufficient. Dean Steuck moved and
the Board approved an increase of the meal ticket fee from $370 to $400.

The following meeting was held on March 9, 1966. Dean Gunning
moved and the Board approved to require the stamping of all posters in
the Union. Poster stamping will be the responsibility of the Program

gavel to be presented to the chairman of the Student Union Board at the
beginning of his term and that this be continued into the future. In
other action, the Board approved the meal plan for summer.

The seventy-fifth meeting was held on May 11, 1966. After discussing
the 0 and P committee's recommendations for a new dance policy, Dean
Cartwright moved and the Board approved the policy. The policy stated
that week-night dances scheduled at the Student Union will be free
admission except before vacation if the vacation begins during mid-week.
Mr. Strand reported that the Union was ahead in total income over 1965.
He also reported that Schubert and Sons were selected as the architects

1966-67

The seventy-sixth meeting of the Student Union Board was held on September 28, 1966. Mr Strand introduced Mr. Holt, Assistant Director of Operations, and Mr. Walters, the campus Activities Director. Mr. Strand informed the Board that the construction on Whitney Center had been delayed due to a delay in the shipment of equipment. The Board approved that two representatives from the Board, Panhellenic, the Interfraternity Council, and the C.C.C. meet and make recommendations regarding Greek Week. Mr. Strand informed the Board that due to an unforeseen shortage of students, the food contract had to be revised. The Union will now receive a percentage of the gross income rather than a percentage and a minimum guarantee.

The next meeting of the Board was held on November 30, 1966.
Though no minutes of this meeting were found, the agenda shows that the Union remodeling, construction of Whitney Center, Greek Week, and an agreement with AMF for bowling machines were a few of the items discussed.

To formulate plans for the upcoming food negotiations, the Board formed a subcommittee including Dr. Steuck, Mr. Strand, and Miss Pollack.

The next meeting was held on March 1, 1967. Mr. Strand reported that fifty percent of the silverware at Whitney Center had disappeared. To prevent this from continuing, four increasingly severe alternatives were developed. They were:

1. Boxes will be put out in the dorms before spring break to give students the opportunity to return silverware and dishes taken from the cafeteria.
2. The value of the stolen silverware will be determined and a bill presented to the dormitories.
3. People caught in the act of removing silverware or dishes from the cafeterias would be charged with petty larceny and prosecuted accordingly.
4. If the thefts continue after the above alternatives have been tried, the food service will change to paper plates and plastic utensils.

After evaluating several food companies on the basis of four categories - food, service, financial aspects, and staffing - the Board agreed to further review the Prophet Company, Professional Food Management, and the Slater Company. Mr. Strand informed the Board that the Whitney Center grand opening had a terrific response. The names suggested for the rooms were as follows:

- Snack Bar: Lazy River Room
- Recreation Room: Huck's Lair
- Cafeterias: Mark Twain Room, Tom Sawyer Room, Riverside Room, Shanty Room

The Riverside and Shanty Rooms were so named because of their proximity to the river.

It was announced that Mr. Holt and Mr. Hood would soon be leaving. Dean Cunning commented that he had never seen such a group of young people who were so beneficial to the Union. The Board approved the Bookstore agreement and the new policies for the Union and Whitney Center. Due to the weather and the use of Whitney Center the recreation revenue in Cartwright Center decreased dramatically compared to the year before. It was also approved to give Mr. Strand and those committee members remaining on campus over the summer the authority to approve any matters that arise.

1967-68

A special summer meeting was held on July 12, 1967 for the purpose of authorizing the purchase of room signs for the Union and Whitney Center. It was decided to order the signs from Brite Way Signs Inc. unless they could be made on the engraving machine. No other action was taken.

A second special summer meeting was held on August 1, 1967 for the purpose of resolving the unbalanced ratio of women to men at Whitney Center and of men to women at the Union. After a lengthy discussion, it was decided that all students on the meal plan should eat at Whitney Center unless a student had a class conflict with the scheduling serving times.

The eighty-fifth meeting of the Student Union Board was held on September 26, 1967. Mr. Strand introduced Mr. Donovan Riley (Vice-President for Business Affairs, 1967-72) and Mr. Cal Helming (Associate Director of Student Centers, 1967-70, Director of Student Centers, 1970-73,

Mr. Strand reported that air conditioning had been added to Indian Commons and the Pow Wow Room. Bookstore operations and air conditioning for other areas of the Union are the priority items for future projects. The Board approved the establishment of a five day evening meal plan in Indian Commons for students not currently enrolled in the contract meal plan. Mr. Helming reported that student use necessitated only two cafeterias being open. As a result of a complaint from the Panhellenic Council, unauthorized Greek items were removed from sale in the Bookstore.

The following meeting of the Board was held on November 21, 1967. Mr. Strand introduced Mr. Gordon Teigen (Assistant Director of Students Centers, 1967-69, Associate Director of Students Centers 1969 - present). He will serve as an ex-officio member on the

On-campus groups with money-making projects would be charged $1.50 per hour with a minimum charge of $7.50.

Mr. Strand reported on the slow progress of plans for the salad preparation area and air conditioning for the Union. As a result of a survey of student interest in dining in Indian Commons the evening meal plan was trimmed to four days. Mr. Helming informed the Board that the survey also indicated very little student interest in dining in Indian Commons.

Sally Castle moved to approve the darkroom proposal as passed by the Publications Board. Dean Steuck moved to amend the motion by adding a clause to determine responsibility for making restitution for any damage incurred in the darkroom. The amendment and motion were approved. Dean Steuck also moved that students who miss their contract meal due to a banquet in the Union be reimbursed $.50. The Board passed the motion. Mr. Strand reported that the engraved signs identifying the Hall of Presidents and Valhalla had been vandalized. One of the students responsible had been identified and university authorities are handling the matter.

The next meeting was held on December 19, 1967. Based upon recommendations made by Mr. A.C. Stadthaus, Sally Castle moved and
the Board approved a graduated wage scale for student employees. With only two cafeterias being used for dining in Whitney Center, Sally Castle moved and the Board approved that one of the unused cafeterias be used for a study hall during the evenings. It was agreed that the area would operate under the same regulations as the library and would be supervised by a student work study employee. Sally Castle moved and the Board approved that all students on the meal plan must eat in Whitney Center with the exception of students with class conflicts who will eat in Ishnala during the meal only. Also, the U-Bar would be extended into Leni-Lenape. Mr. Strand reported that nothing was being done at the present time with the salad preparation area and that it was doubtful that the contract deadline will be met. Also, the plans for the Book-
store remodeling are being sent to Madison for approval. The project will probably be started sometime next year. Due to a doubling of the loan payment for Whitney Center all major building plans must be delayed so it is not necessary to use any of the accumulated reserves. Mr. Helming noted that a picture of Whitney Center appeared in the January, 1968 issue of Institutions Magazine.

The ninetieth meeting was held on February 27, 1968. Sally Castle moved and the Board approved that the Pow Wow Room be refurnished with new furniture and carpeting as soon as funds are available, and that the present furniture be used to redecorate other areas. Mr. Strand moved and the Board approved to hire a trainee manager who would assume full managerial duties in July, 1971.

The following meeting of the Board was held on March 18, 1970. This meeting was held to discuss the question: What is the policy
of political speakers in the U-Bar and who makes this policy? Rick Ball
moved and Fermin Burgos amended that recognition programs, open forums,
debates, entertainment, speakers, and contests be permitted in the U-Bar
and Leni-Lenape areas when those routine procedures required by the
Student Centers Board and Organizations Board for the orderly scheduling
of events are observed before such an event and/or speaker is invited.
The motion and amendment were denied. Mr. Strand moved that no
scheduling of the U-Bar and Leni-Lenape should occur between the
maximum use times of 10:15 a.m. to 1:15 p.m. The motion was defeated.
Mr. Strand moved to conduct an all-campus survey as to the use of the
U-Bar and Leni-Lenape and what should be the scheduling of events for
the rest of the semester. The motion was approved.

John Hughes moved and the Board approved that a Summer Session
Board be composed from members of the Student Centers Board and standing
committees. Mrs. Pinkston reported that use of the Centers was down
compared to last year. Mr. Strand reported that due to unexpected and
unbudgeted expenses and a shortfall of 178 students on the meal plan
the total income for the Centers will be lowered than anticipated.

Dean Cartwright moved and the Board approved the following
Constitutional changes:

Article III, Section 2 - under standing committees - changed

Article XI, Section 1 - changed to the seven standing committees
shall be: add G. Bookstore Committee.

and to act as hosts for visitors to the Centers.

Article XI, Section 2. Duties. Add G. Bookstore. The Bookstore

recommendations regarding the operation and policies of the

good relations, and shall promote and evaluate the Bookstore
operation.

Student Union should be changed to Student Centers wherever necessary.

In other business, Dean Hogue moved and the Board approved the
Student Centers' Conduct Code. The Code is as follows: When, in the
judgment of the administrative staff and faculty members of the Center
Board, conduct of individuals in the Student Centers is deemed to be:

1. Detrimental to the health or safety of students, faculty,
other University staff, and guests;

2. Detrimental to the maintenance of satisfactory housekeeping
standards;

3. Contributing to the damage or loss of property.

4. Distributing to or interfering with use of the Student Center
facilities by University groups;

The individual or individuals involved in this conduct will be
requested to discontinue the activity. If the activity continues
after the request, the individual or individuals may be asked to leave
the area and/or facility depending upon the severity of the conduct.
The Board accepted the resignation of Laura Rezab as treasurer. Dean Hogue announced the unofficial appointment of Mr. Strand to the position of Administrative Assistant - Finance in Student Affairs and of Mr. Helming as the Director of Student Centers.

The succeeding meeting was held on March 25, 1970. This special meeting was held to determine the company which would receive the 1970-71 food service contract. Rick Ball moved and the Board approved the acceptance of the bid from Professional Food Management. New additions to the contract included an expanded number of steak nights, an increased number of special nights, a soup and sandwich bar between 1 and 4 p.m., soft-serve ice cream, extension of breakfast hours until 10 a.m., and the addition of dining room hostesses at lunch and dinner. Mr. Strand moved and the Board approved that the deficit in the 1970-71 operational budget be decreased by raising the contract boarding fee from $435 to $440, and the Student Centers' fee from $35 to $40 per year.

The next meeting of the Board was held on April 15, 1970. The Board discussed how officers should be elected and also how the Board would receive its new member. No action was taken, however. The Board approved Rick Ball - chairman, Pat Maslowski - vice-chairman and acting secretary, Mr. Strand - interim treasurer.

The one-hundredth and fifteenth meeting was held on May 20, 1970. It was reported that the Center will purchase new microphones, sound columns for the cellar, and art work from the program budget. Dean Smith moved and the Board approved the following Constitutional change:
Article V - Officers and Duties – add Section 5. Office of the Student Centers Board should be elected from the student members of the Board.

Dean Smith reported on the conclusions from the U-Bar and Leni-Lenape survey. A ten percent random sample of students was taken with a return of approximately 35%. The survey indicated that students are slightly in favor of having speakers permitted in the U-Bar. More students favored scheduling after 1 p.m., and in the U-Bar rather than in Leni-Lenape.

Mr. Koehler moved, Fermin Burgos amended, and the Board approved that open forums and speakers be allowed in either the U-Bar or Leni-Lenape, but not both simultaneously, after 4 p.m. with the use of amplifying equipment when requested when those routine procedures required by the Student Centers for the orderly scheduling of events are followed. It was decided that the scheduling of open forums and speakers would be left up to the discretion of the Centers' staff.

Fermin Burgos moved and the Board approved to appeal the Student Centers' allocation for 1970-71 from the apportionment Board because it is not revenue based upon the 1970-71 estimated revenue from the Apportionment Board and the absence of the $1,850 mid-year allocation for the Black Cultural Center. The Board also approved to study the need for a professional art director to handle the scheduling and exhibition of all fine art events in Cartwright Center during 1971-72.

In final action, the Board approved the formation of the Summer Session Student Centers Board including Dr. Norene Smith, Mr. Strand, Mr. Koehler, Dr. Gunning, Thea Zidonwitz, Rick Ball, Fermin Burgos, Pat Maslowski, and Louis Ramirez.

The next meeting was held on June 17, 1970. The Board discussed
and approved price increases for the catering menu. Fermin Burgos submitted the following summarization of the Attorney General's opinion on beer sales on campus:

The Board of Regents of State Universities may allow the dispensing or furnishing of fermented malt beverages on the campus of a state university if such activity is incidental to or closely connected with another legitimate function carried on by the university, such as a student union. Such activity would not be subject to local regulation under sec. 66.054(12) and (13), Wis. Stats. Whether such beverages will be served on any or all university campuses is for the Board of Regents to decide. Where similar services are already furnished by contractual arrangement, this service could also be provided by contract.

The Board approved that the Board present the Attorney General's opinion to the President and recommend that such services be included on an initial basis in the Cellar in those hours where Cellar entertainment is scheduled, and the Indian Commons of Cartwright Center with the food contracting company serving as the agent of the University in conducting the sale and service of beer in the Student Centers. In other business, Fermin Burgos moved and the Board approved the bid by Advanced Surfacing Company to expand the Student Service Office and the Arts and Crafts area at a cost of $2,200.

The Board also discussed the use of tables in the U-Bar with
members of the Panhellenic and Inter-Fraternity Councils. The Board approved to require that all identifying objects or standards be removed from the tables as the Student Centers are for all students. Specific groups may not lay claim to the tables. In other action, the Board discussed the Mass Communication Department's refusal to return the equipment loaned to the Racquet and the La Crosse. The Board agreed that the equipment should be returned or purchased by the Publications Board. The Board also discussed objections to black students having an area of their own. The Board agreed that the complaints should be discussed with the Black Cultural Center staff.

At the next meeting the Board discussed the need to reexamine the beer guidelines and the use of Centers' facilities by high school students. The Board approved that no group of high school students could use the Centers until a policy is developed. The Board was informed that the number of minority students using the Black Cultural Center is increasing, but the number of non-minority students using the area has leveled off. Mr. Teigen stated that the air conditioning for Cartwright Center has been tentatively approved.

The Board again discussed complaints regarding the need to remove identifying objects from the tables in the U-Bar at its next meeting on December 16, 1970. The Board reaffirmed its earlier policy stating that identifying objects used for communication or identification should be removed from Centers tables and furthermore that this policy in no way restricts students from sitting around a table as a group. In other action, the Board formed a committee including Dean Gunning, Mr. Strand, Mr. Teigen, Mr. Helming, Dick Hafner, Bill Follmer, the Chairman of the Food Committee, and one other member of the Food Committee for the

The Board formed a committee including Mr. Helming, Mr. Teigen, Dr. Horle, Pat Maslowski, the Director of the Food Service Company, and a member of the Food Committee to draw up more specific guidelines for serving beer in the Student Centers. The Board agreed
to accept the Area Regulations of the Poster Regulations with the following revisions:

The next meeting was held to discuss the guidelines for beer sales in the Student Centers. The Board approved to initiate beer sales on March 15, 1970. The Board approved Section A and B 1, 2, 3, and C as presented. The Board also approved the proposed Guidelines for the Sale of Beer in the Student Centers.

At the next meeting the Board again discussed the sale of beer in the Centers. The Board approved the following changes: B 4 and B 5 to read $27.50 per half barrel, $15.25 per quarter barrel, no charge on cups; A 2 change "north" to "one"; Amended D 3 to state that the Food Service is responsible for having a ledger to record guests who by virtue of residence cannot secure Wisconsin I.D. cards but can
establish legal age for La Crosse County laws and the laws of their own state regarding age to be served beer.

In other action, the Board agreed to require that the handing out of flyers outside the building or inside the building must have prior approval of the building director, who will indicate the places of distribution to be used. It was approved that there will be no contract food service during the summer session. The Board elected the following officers for 1971-72: Dick Hafner, chairman, Bill Follmer, vice-chairman, and Lois Steinnbiss, secretary. The Board chose chairman Pat Maslowsbki as the outstanding member of 1970-71. In its final action, the Board approved the hiring of Mr. Peter Brunner as Bookstore Manager.

A special meeting was held on May 16, 1971 for the purpose of determining the proper times for the sale of beer in the Cellar when entertainment is provided. The Board denied a recommendation from the O and P Committee to halt beer sales during performances in the Cellar. The Board agreed that the problem should be worked out with the performers.

At the following meeting, Mr. Helming announced that the food service personnel had voted to unionize. The Board formed a committee including Mr. Strand, Mrs. Pinkston, Tom Hume, Lois Steinnbiss and a member of the Food Committee to study the issue of beer sales during coffeehouse performances in the Cellar.

The Board established the following room rental fees for community groups:

1. That the catered fee be increased to $.25 per meal served to community groups.

4. There will be an additional fee for set-up services of an extraordinary nature to be determined by the Associate Director and the Program Director. The rate will be $5 per hour per person.

The Board also agreed to discontinue the rental of AV equipment out of the Student Centers effective June 5, 1971.

The next meeting was held on July 21, 1971 for the purpose of discussing food, beverage, and beer prices. The Board approved the price increases as presented. The Board approved the use of the Lazy River Room for coffeehouse entertainment not suitable for the Cellar due to the sale of beer. The Board also approved that classroom use of the Student Centers must have the written approval of the Vice-President of Academic Affairs. In other action, the Board approved that the room rental fee be charged at prevailing rates for any group which charges a fee for their program.

1971-72

The one-hundred and thirty-second meeting of the Student Centers Board was called to order by Chairman Dick Hafner on September 15, 1971. The Board discussed, but did not act on, a request by the campus radio station WLSU-FM to broadcast from the U-Bar. The Board also approved the proposed movie code with the following addition: "Only students, faculty, employees, and guests are allowed to attend. Students, faculty,
employees, and guests are allowed to attend. Students, faculty, and employees may be asked to present I.D.'s. The Board was informed that the approved price increases on snack-bar items have not taken effect due to the national price and wage freeze.

At the next meeting on October 6, 1971 the Board approved allowing WLSU-FM to broadcast from the U-Bar between 2:30 p.m. and 5 p.m. The Board also approved a day fast by the Pakistani Relief Group on October 20th, as long as 50 percent of the contract boarding students pledge their meal by October 18th.

At the following meeting the Board was informed that the radio broadcasts and the student fast went well. The Board discussed closing the Lazy River Room in Whitney Center but instead decided to increase publicity efforts. The Board discussed the room rental policy and the increased use of the Center by outside groups. The Board formed a task force committee consisting of Sandra Kessler, Dr. Horle, Mr. Strand, Thea Hoeft to study the problem of room usage and costs.

There was no action taken at the Board's November 3, 1971 meeting.

The following meeting was held on November 17, 1971. Mr. Teigen reported that remodeling of the Bookstore had begun. The remodeling consisted of expanding the Bookstore to the end of the U-Bar, and enclosing the area of the present Information Center for use as a cashier area. Mr. Helming reported on a proposed project to convert the Men's Lounge area on the mezzanine into part of the Gallery Lounge. The Board approved both the Bookstore and Men's Lounge remodeling.

The Board passed an O and P recommendation to rescind the "No Smoking" regulation for the Whitney Center cafeterias. Dr. Horle reported on the proposed addition to one of the Centers which would provide a
hall to seat 1,000 persons, an arts and crafts area, meeting rooms, a projection booth, and a stage.

At the next meeting held on December 1, 1971, the Board approved the following Constitutional changes:

1. By-laws Section I, C, 1, "occurring after the fall election" was omitted and "fall" was omitted from the last sentence.

2. Article V, Section I, B, 4, "If any Student Centers Board member is absent, the elected alternate shall assume the duties of the absent member".

11. By-laws Section II, C, 2: the words "for a" changed to "or".

At the next meeting on December 15, 1971, the Board discussed the Centers expansion project. Dr. Horle reported that the present enrollment does not necessitate such a project. Total costs of a new addition could reach one million dollars. Since students would have to pay for the project it was decided to study ways to remodel the present facilities. The Board was informed that the Center newsletter the C-Note would discontinue publication.

The following meeting of the Board was held on January 19, 1972. At this meeting the Board discussed possible remodeling plans. The plans included an extension of the Campbell Road wing, remodeling the North entrance corridor into meeting rooms and additional food service and dining space, or an extension of the Mezzanine on the west end of the U-Bar and lower the U-Bar ceiling to create additional meeting rooms. Whitney Center was eliminated from the remodeling plans because students prefer the U-Bar area. No action was taken on any of the proposed plans.

The one hundred and fortieth meeting was held on January 26, 1972, for the sole purpose of discussing the proposed budgets of the 0 and P Council and Food Committee. The Board approved both budgets though they may force an increase in the Centers fee.

The next meeting was called on February 1, 1972 for the purpose of discussing the 1972-73 program budget. After a substantial discussion regarding the decline in student enrollment and program cuts, the Board approved to raise the Student Centers fee by $5.00.

The following meeting was held on February 15, 1972. The Board approved that students may use the Centers rooms for money-making events for no charge as long as this new policy is not abused.

5. Page eleven, Section I, 4: The advisor shall serve as a resource person, financial consultant, interpreter of university and Student Centers policy, and maintain committee records and stability for his particular Council or committee.

In other business, the Board approved the Room Usage Policy.

The next meeting was held on April 18, 1972. Again the Board discussed several Constitutional changes. The approved changes were as follows:

1. Article V, 1. A. (1) changed from "Office of Student Centers" to "Office of Student Affairs".

The one-hundred and forty-fifth meeting of the Board was held on April 28, 1972. The Board approved the Professional Food Management bid on the 14 and 19 meal plans for 1972-73.

The last meeting of the semester was held on May 9, 1972, however, no significant action was taken.

The next meeting was held on June 28, 1972. Mr. Helming reported that the Centers fee will be $22.50 per semester. The Board defeated a request from the Bookstore to initiate a $.10 charge for cashing checks. The Board was concerned that this would antagonize students thereby reducing sales. The Board approved extending the Cellar hours to 12 a.m. Also, the Board defeated beginning the beer service in the Cellar at 10:30 a.m. The Board felt there was not sufficient student interest in having the hours of beer service expanded.

The following meeting was held on July 19, 1972. Mr. Helming reported that the U-Bar and Leni-Lenape areas will have air conditioning installed. At this meeting the Board discussed the check cashing charge
with representatives from the Bookstore. It was informed that all other
campuses have initiated such a charge to provide additional revenue to
cover the costs of bad checks and student help. The Board Approved to
start a $.10 charge on all checks. The Board also approved a $.10 across
the board increase in food prices. Through the Chancellor, the Board
was informed that the Administrative Code prohibits use of anything with
over 5% alcohol content, including all wines.

1972-73

The one hundred and forty-ninth meeting of the Student Centers Board
was called to order by Chairman Bill Follmer on September 19, 1972. Mr.
Helming reported that the Information Center had been relocated in the
north lounge, and that the check cashing charge was creating no problems.
The Board approved a change in the Cellar I.D. policy so that a student
must present a student I.D., and another piece of identification, with
the stipulation that a person may be asked to sign his name in a book
provided by PFM for further investigation.

The Board also approved the initiation of a food monitoring system
which would periodically check the quality of food and service at Whitney
Center. The system would allow for sixteen staff members from the Student
Centers, Student Affairs, and Housing Office to report on food service
irregularities. In other action, the Board elected Linda Lengfeld to
replace Bill Follmer as Chairman.

At the subsequent meeting held on October 17, 1972, the Board
approved the renaming of the Black Cultural Center to the Minority
Cultural Center. The Board elected Steve Snyder to serve as Vice­
Chairman, and Mary Lindahl as Secretary.

The next meeting was held on November 21, 1972. Mr. Helming reported
that the air conditioning project was being delayed as a result of the
possibility of central aid conditioning being installed in several other campus buildings. A joint project in the future may help to reduce total costs. In other action the Board approved to extend the Cellar hours from 12 p.m. on weekends, with beer service, at the discretion of the Centers staff and PFM.

The following meeting was held on December 12, 1972. The Board approved to close the Cellar at 10:30 p.m. on Sunday nights due to a lack of business. The Board also discussed a proposal to close Huck's Lair and convert the Lazy River Room into a lounge and recreational area. In other action, the Board elected Steve Snyder as Chairman as Mrs. Lengfeld would not be returning to campus second semester.

The succeeding meeting was held on January 31, 1973. Mr. Helming announced that the reorganization of the Student Activities and Student Centers has begun. When completed, Dr. Robert Mullally (Director of Student Activities, 1967-73, Director of Student Activities and Centers, 1973-present) will become Director of Student Activities and Centers. Mr. Helming will be in charge of programming and Mr. Teigen will manage the operations of the Centers. The Board approved the 1973-74 program budget. It was also announced that the Student Life Council had appointed Christine Sather to replace Marcia Schroeder as senior representative, Laura Holtz, replacing Beverly Yelk as the junior alternate, and Michelle Foran, replacing Stan Yanot, as senior alternate.

A 3: The University Food Service will provide necessary qualified personnel for the dispensing of liquor and checking of identification. serves as an ex-officio member.

The following meeting, held on October 23, 1975 the Board discussed

The Committee delayed action until the further staff meetings could take place.

The one hundred and eighty-fifth meeting of the Committee was held on December 2, 1975. Dr. Mullally presented redecoration plans for the Cellar and U-Bar. The Cellar redecoration was the most needed at this time. He also informed the Committee that approval had been given for the Centers to hire a Bookstore/Textbook Library Manager. The Board approved the bids for the Cellar and lower level redecorating projects. In other action, the Committee approved the Whitney Center Scheduling Policy. The Cafeterias would be closed by 6:30 p.m. and the lower level by 11 p.m.

The next meeting on February 10, 1976 was held to discuss the changes made in the Cellar. Student comments were overwhelmingly positive and the increased revenue in January reflected this attitude. In other action, the Board approved the leasing of a new Xerox copier for use by students and the Student Centers. Dr. Mullally introduced Mr. Roger Rasmussen, the new Bookstore/Textbook Library manager, to the Committee.

The following meeting was held on March 2, 1976. Dr. Mullally reported that the remodeling of the Cellar was almost finished and suggested April 1st for a grand opening. The Board approved the new

will be open during the year thereby increasing the operating costs of the Center. The Board also formed a subcommittee consisting of Dave Amidei, Ed Burrell, Lloyd Everard, and Dave Hammel to study the need for a record co-op in the Center.

The following meeting, held on October 25, 1976, was called to discuss the 1977-78 Student Activities and Centers budgets. After discussing the individual program budgets, the Board approved the 1977-78 Program Budget. It was reported that the Scope Committee and the Minority Cultural Center had disbanded and there was no need to request an increase in student fees. Dr. Mullally presented the 1977-78 Student Centers budget and reported that there would be no need to increase the Centers fee which was presently $21.25 per semester, per full-time student (FTE). Since the Centers budget was non-allocable, there was no need for Committee approval.

The succeeding meeting was held on November 15, 1976. Chairman Ed Burrell reported that the Student Senate approved the 1977-78 Student Program Budget. Dr. Mullally reported that Cartwright Center will be rekeyed during the break and the National Entertainment Regional Conference was very successful. The Board was also informed that there had been an increase in vandalism, especially in the North entrance area of Cartwright Center. In other business, the Board endorsed a request from the Alumni Association that an Alumni area be created in Cartwright Center. The Committee also approved an official request to the Chancellor that he form a committee to study a new addition to Cartwright Center. The committee agreed that the increased
student enrollment and use of the Centers' facilities necessitated an
increase in the amount of space for meeting rooms, the Bookstore, food
service, and student programs. The Committee also approved the renewal
of the food service contract with PFM for 1977-78.

The next meeting was held on December 6, 1976. Dr. Mullally
reported that the Board of Regents' auditors had completed their
examination of the Textbook Library and have recommended that a full­

the Valhalla air conditioning project had not been approved, but the
lower level air conditioning plan was approved. There also is a problem
with people taking the free peanuts out of the Cellar.

In other business, the Committee approved a display case for the
North Lounge for the Ski Club to identify ski areas and state and
national parks. The Committee also discussed a policy allowing businesses
to promote their products in the Centers, and student complaints regard­
ing the Centers' Equipment Policy. Several student groups were unwilling
to hire a trained student to operate the equipment.

The one hundred and ninty-fifth meeting of the Student Centers Com­
mittee was held on January 24, 1977. Dr. Mullally reported that business
in the Cellar has continued to increase. He also mentioned that several
student employees painted the Cellar ceiling during the break, and there
was an increasing problem of teenagers being in the building. Extra
student help has been hired to supervise the building on Friday nights.

The Board approved the promotion policy for the Centers. The policy
read:

A. That any private enterprise represented in the Centers according
to normal procedure and/or policy, and whose purpose it is to
sell a product, commodity, or beverage in the Centers be allowed to promote its item(s) one time during the academic year, under the following conditions:

1. That the promoter present a written promotion description to the Student Centers Committee, for Committee disposition, at least 30 days before the beginning of the proposed promotion. The Committee may reject a proposed promotion if it believes that established university policy will be violated by the promotion, and/or if the proposed promotion will abridge normal university or societal standards.

2. That a Centers facility may only be used for one day of the promotion, within normal operational hours.

B. The elected representatives of the UW-La Crosse Student Association shall provide information regarding the promotional policy on request.

In other business, the Committee approved a one-day-a-year 10 percent discount for students eating in Indian Commons. It was hoped that this would help increase student awareness of the facility. The Board also agreed to expand the "Buy and Sell" bulletin boards in the North Lounge area.

The next meeting was held on February 1, 1977. Dr. Mullally and Mr. Rasmussen reported on food and Bookstore revenue respectively. The Board approved the following proposal for the designation of Ishnala as the Alumni Lounge:

1. The UW-L Alumni Association has primary use of the room; however, other groups will be scheduled from time to time by the Student Activities and Centers Office as the need arises. Scheduling of non-alumni groups will be made no more than one week in advance. Exceptions would be major conferences requiring the total building resources.

2. The lounge would be open for student casual use at times when
no alumni activity is scheduled.

3. The day-to-day management concerns shall be administered by a committee made of two representatives each from the Alumni Association and the Student Centers Committee.

In other action, the Committee approved the sale of wine in the Cellar on a regular basis. It was announced that the Committee was now responsible for developing the program and budget for the Summer Social Committee.

The Committee also discussed the problem of animals in the Centers and the initiation of a Happenings Hotline — a recorded message listing upcoming events on campus.

The next meeting was held on March 1, 1977 for the purpose of discussing a variety of issues and problems. The Board approved allocating bulletin space for the Student Senate. The Committee approved a student request that Leni-Lenape be designated a no smoking area. It also discussed that free snacks will be given away only to people who make a food or beverage purchase in the cellar. It was hoped that this would prevent future abuse of the giveaways which had cost PFM over $2100 in November alone. In other business, the Committee discussed the problems students were having with a private company offering trips to Florida during spring break. The Committee was concerned about the legality of the tours and discussed ways of informing students about disreputable firms. The Board also discussed the recommendations of the
The meeting on March 8, 1977 was held to discuss the Cellar giveaways and the Textbook Library audit. The Committee discussed the problems in the Textbook Library and agreed that a formal proposal should be presented. The Committee also discussed improvements in the food service including a 5 meal a week plan, and a system whereby students could use their I.D. to charge meals eaten in Cartwright Center.

The two-hundredth meeting of the Student Centers Committee was held on March 22, 1977. The Committee discussed a coupon exchange program so that students on the meal plan could eat at Cartwright Center when they were unable to eat at Whitney Center. Though no action was taken, the Committee also discussed increasing the Centers percentage on beer sales in the Cellar, a proposal to decrease the price of catered beer, and contract and catered food prices.

The next meeting was held on March 24, 1977 for the purpose of discussing the 1977-78 food service contract. The Committee agreed to prioritize each PFM proposal for price increases before approving the contract. The Committee was informed that the first anniversary of the Cellar's Grand Reopening would be held on March 31.

The following meeting, held on March 29, 1977, was called to allow further discussion of the 1977-78 food service contract. Chairman Burrell listed the Committee's proposals for the contract: one, no price increases in the cash operations, two, increase the Centers' percentage on beer sales in the Cellar to 20 percent, and three, decrease the price of
catered beer. Mr. Richard Hale, director of food service for PFM, discussed food and labor costs in support for PFM's request for an increase in cash and contract food prices. As the price and cost statistics were considered confidential, a question was raised whether or not this was a closed meeting. The Committee decided to close the meeting and requested all guests to leave. After a short recess, the Committee agreed to a price increase in cash sales, but only in Indian Commons. Mr. Hale agreed to decrease the price of catered beer but refused to accept a price increase in Indian Commons alone, and the increase of the Centers' percentage of beer sales in the Cellar. After another recess and a short discussion, the parties reached a final agreement entailing that: one, no price increases in cash sale prices, though they may be reviewed again any time during 1977-78; two, decrease the price of catered beer to competitive levels; and, three, begin accounting of the revenue and expenses of each of the Cartwright Center operations.

The next meeting was called on March 30, 1977 for final discussion of the 1977-78 Food Service Contract. After a short discussion, the Committee approved a renewal of the contract with PFM for the 1977-78 academic year.

The following meeting was held on April 5, 1977. The Committee approved the construction of a door at each entrance to the entertainment side of the cellar. It was hoped that the doors would limit outside noise and also allow the area to be used for private parties. The Committee also approved the Summer Social Committee budget. In other matters, the Committee was informed that the Chancellor had approved the sale of wine in the Cellar. A sub-committee was formed to survey student interest regarding the types of wine, and when to begin wine sales.

The two hundredth and seventh meeting of the Student Centers Committee was held on September 22, 1977. Dr. Mullally introduced Mr. Edward Bouffard (Student Program Advisor, 1977-79). To meet the needs of the increased student enrollment, Mr. Teigen presented a list of food service equipment for Cartwright and Whitney Centers. Dr. Mullally reported on the possible remodeling of Cartwright Center and the need to study the present food service contract which expires in June, 1978.

The next meeting was held on September 29, 1977. The Committee elected Bob Bartlett to serve as Chairman, Mary Ann Birchler as Vice-Chairman, and Joanna Crosariol as Secretary. Though no action was taken, the Committee discussed the student travel policy, the increase in revenue in the Bookstore, and student interest in a light beer in the Cellar.

The following meeting was held on October 13, 1977. After a discussion of the need to formulate guidelines for exceptions to the alcohol policy, the Committee approved the serving of liquor at a residence hall function in Cartwright. Dr. Mullally reported on the impact of the increased minimum wage and the recent State Employees Union contract on the budget. Unless new funds are allocated, there will be a need to
reduce the number of students hired. Also, the food service boarder count was up and the budget was operating with a surplus which would be put in reserve. Due to a change in the copyright laws, the Student Centers would now be required to pay royalties for the use of films and music.

The two hundredth and tenth meeting was held on October 27, 1977 for the purpose of discussing the proposed 1978-79 program budget. Though no vote was taken, each committee of the Program Council and the Sports and Activity Clubs-Council discussed their respective budget.

The Committee also approved the Food Committee's recommendation for the 1978-79 food service contract which included a five meal a week plan, and an extension of the dinner period to 7 p.m.

The next meeting was held on January 19, 1978. Mr. Teigen reported that the Lazy River Room would no longer be staffed as a result of its high operating costs. He also reported that the UW-System Central Administration rejected the five meal a week plan for the 1978-79 food service contract. The Committee agreed to delay the implementation of the five meal plan for at least a year. Dr. Mullally reported that an Angell Hall party caused over $170 in damages. The Hall was billed for the replacement costs of equipment but not labor and custodial charges.
The following meeting was held on February 2, 1978. Chairman Bartlett reported that students had seen rats at Whitney Center. Dr. Mullally informed the Committee that Physical Plant was working on exterminating the vermin. The next meeting was held on February 23, 1978. Dr. Mullally introduced Ms. Laurie Hamre (Student Program Advisor, 1978-80) to the Committee. He also reported that the partitions between the bar and program areas in the Cellar were installed and PFM was working to improve the cleanliness of the U-Bar. He also informed the Committee of State Regulation PL-504 requiring access for the handicapped into state building. Due to the construction of the building, the new regulation would require revamping the existing stairwells at considerable expense. In a temporary effort to comply with the law, a ramp will be built to provide access into the building. In addition, he mentioned that an automatic teller system may be installed in Cartwright in the fall. In other matters, the Committee approved the allocation of funds for post-season travel for the Hockey Club. The Committee stressed that in the future SAC-C should allocate funds in their budget specifically for such a request. The Committee also discussed a request for Trowbridge
Hall to serve liquor at their "Moonlight Magic" extravaganza. Concern was expressed that liquor must be served to make the event successful, yet the sponsors felt that it was a part of the atmosphere of such an event. The Committee agreed to approve the Hall's request.

The following meeting was held on March 9, 1978. The Committee discussed the upcoming food contract negotiations, and the status of the Lazy River Room. The Committee approved the SAC-C post-season travel policy as presented.

The next meeting was held on March 30, 1978. Though no action was taken, the Committee discussed the Faculty Senate's recommendations for the Textbook Library, the food service contract, the national trend of increased alcohol consumption on campuses, and the need to allow more than seven posters to be hung for Student Association candidates. The following meeting was held on April 13, 1978 for the purpose of discussing future usage of the Lazy River Room. A proposal from the Residence Hall Association Council (RHAC) included the following requests: complete removal of all cooking and vending facilities, construction of a portable stage, and an increased number of tables and chairs for study purposes. The Committee agreed to support the proposal and begin a cost investigation.

The two hundredth and twentieth meeting of the Committee was held on April 17, 1978 for the purpose of discussing the food contract bids. The Committee agreed to
recommend acceptance of the SAGA bid to Central Administration.

In other action, Dr. Mullally presented a request from the Alumni Association to serve beer at a Senior Farewell Party on the Mall. The Committee discussed the problems of serving only seniors at this type of an event and a concern regarding the setting of a precedent for other events of this nature. On a call for a vote, the Committee unanimously opposed the request.

At the final meeting of the semester, held on April 27, 1978, the Committee discussed the approval of SAGA as the food contract for 1978-79, and the proposed installation of an automatic teller by the fall. At the two hundred and eighty-fifth meeting, held on February 19, 1981 Dr. Mullally reported that a subcommittee of the State Building Commission had approved the remodeling project. Full approval would hopefully come in March. If approved, it would be sent to the Legislature. In other matters, the Committee approved to accept the Video Committee as a part of CAB.

The next meeting was held on February 26, 1981. It was agreed that the Rental Center and maintenance storage area trade spaces to facilitate a better usage of the area. It was also agreed that the jukebox in
the Cellar can be turned down to a level determined by the program committee in the Cellar. In other action, the Committee approved mud wrestling as an event during the Festival on the Mall. A request for a half-barrel of beer at a football coaching clinic on campus was denied as it would set a precedent and also encourage increased alcohol consumption. In other matters, Dr. Mullally reported on a meeting regarding the remodeling of the food service areas he had with Central Administration. Several ideas were discussed and will be presented at a later meeting.

The following meeting was held on March 19, 1981. The Committee agreed to approve an amendment to the CAB By-Laws regarding the Coffeehouse Committee. Dr. Mullally reported that a letter had been sent to parents of students that advertisements for a "survival kit" were not sanctioned by the university.

The next meeting was held on April 2, 1981. It was reported that students were upset by the organization and cleanliness of the ride board area. It was also mentioned that the State Building Commission had approved the remodeling project and a request for $140,000 to be used for advance planning. Dr. Mullally reported on two requests to serve alcohol, both of which were against policy, and an incident violating the anti-hazing policy by the Alpha Kappa Lambda pledges.

At the following meeting, held on April 23, 1981, the Committee approved the use of the U-Bar and the serving of beer for a concert if the weather was exceptionally bad.

The following changes were approved to be included in the food service contract:

1. 3A: The University is empowered to determine the number of managers assigned to Cartwright.
2. 3B: The University is empowered to determine the need for an outside janitorial service for the U-Bar area.

3. 3D: The setting of the commission is a University decision.

4. 3E: Recommended that the Cellar specials not be eliminated, but allow substitute specials. Also, beer prices will not be reduced.

It was also approved to increase the cash price for meals served a la carte in Whitney. Dr. Mullally reported that the carpeting is Ishnala had been installed, and work would be done on the bowling machines to improve their performance. The Committee was also informed that the architect bids were due at Central Administration today.

1981-82

The two hundred and ninetieth meeting was held on September 1, 1981. Dr. Mullally reported that the remodeling program statement had been finalized and an architect had been selected: Sauter, Seaborne, Paynter, Duszak of Appleton. Though the Governor had vetoed state bonding for new projects, he had not vetoed the project itself. Several other funding alternatives are available including the reserves and possible federal funding. Student fees were increased $10 this year, and will be increased $10 in 1982-83, and $3.73 in 1983-84. The Committee elected Kathy O'Neill to serve as Chairperson, Linda Hammacher, Vice-Chairperson, and Tim Buchda, Secretary.

The next meeting was held on September 15, 1981. Dr. Mullally informed the Committee that the Remodeling Project Planning Bivouac with the architects would be held next week.

The following meeting was held on September 29, 1981. Dr. Mullally reported that the meeting with the architects was very successful. Several
students offered suggestions which will be implemented in the plans the architects will present in October.

At the next meeting, held on October 13, 1981, the Committee discussed but took no action on the 1982-83 CAB and SAC-C budgets. It was reported that a new popcorn machine had been purchased for the Cellar, and free snacks may be offered on Wednesday nights in the Cellar.

The following meeting was held on October 27, 1981. Kathy O'Neill informed the Committee that the Student Association will not sponsor a bus service to Milwaukee. Dr. Mullally reported that the Student Activities Office could be the ticket supplier, but in no way would become contractually involved. It was also reported that new CAB committees would be seeking funding—Video and the Publicity Committees. Dr. Mullally reported that the request for federal funding for the remodeling project had been rejected as these funds were intended only for alleviating student/faculty housing shortages. The architects would return to campus with additional remodeling plans.

At the next meeting, held on November 10, 1981, the Committee discussed, but did not approve the 1982-83 SAC-C budgets.

The following meeting was held on November 17, 1981. The Committee approved the purchase of Christmas trees for the Centers. The Committee also approved the 1982-83 Rental Centers budget.

The subsequent meeting was held on November 24, 1981. Dr. Mullally presented preliminary drawings of the remodeled building. He also informed the Committee that the Student Senate will not grant more than an 8 percent increase in the student fee for 1982-83. It was decided to cut each submitted program budget if necessary. After a lengthy discussion, the 1982-83 CAB budgets were approved. The total requested
increase came to 8.5 percent.

At the next meeting, held on December 8, 1981, the Committee discussed and approved the 1982-83 SAC-C budget. The Committee also approved the Public Relations Committee By-Laws and the Independent Student Status Information Sheet and Exemptions from the Food Plans policies. Dr. Mullally reported that Cartwright would be open 24 hours during the final exams week.

The three hundredth meeting was held on January 26, 1982. The Committee approved several cash food prices and an allocation for CAB representation at the National Entertainment and Campus Activities Association convention from funds originally allocated for attendance at two regional conventions.

The next meeting was held on February 9, 1982. Though no action was taken, the Committee discussed sponsorship of Winter Carnival and the latest blueprints and financial plans for the remodeling.

At the following meeting, held on February 23, 1982, the Committee approved an alternative financial plan for the remodeling in case extra funds were needed as a result of the Governor's veto of all state bonding. The new plan called for a $10 increase in student fees in 1981-82, a $25 increase in 1982-83, and a $28.73 increase. This was a $5 increase over the plan approved on November 4, 1981.

The subsequent meeting of the Student Centers Committee was held on March 9, 1982. Kathy O'Neill reported that the Student Senate had approved the alternative funding plan for the remodeling project. Dr. Mullally reported that the Bookstore had been broken into; therefore, a new security device had been purchased. It is hoped that most of the Bookstore operations can be computerized during the remodeling. In
other matters, it was reported that a student had started a petition to stop the remodeling project. Dr. Mullally explained the difference between allocable and non-allocable funds.

At the next meeting, held on March 30, 1982, the Committee was informed that the UW System Administration was reviewing all tax and program revenue supported accounts. There is a possibility that the Centers will be charged a service fee for utilizing the Business Office and other administrative services in the near future. It was also approved to allow the serving of beer at a World Hunger Benefit in April.

The following meeting was held on April 20, 1982. The Committee approved the use of the U-Bar area as a site of last resort for the CAB sponsored outdoor concert in May. Dr. Mullally reported that the remodeling project was bogged down in Madison because of the difficulty in meeting the fire and other administrative codes.

The three hundredth and fifth meeting was held on April 27, 1982. Dr. Mullally reported that coaches for SAC-C teams were volunteers not university employees. The Committee approved the 1982-83 cash food prices as presented. It was also approved that the Tau Kappa Epsilon fraternity be suspended from the use of facilities within Cartwright Center through the fall semester of 1982 as a result of their violating the alcohol policy. In other matters, the Committee was informed that many students were uninformed about the remodeling project. There had been an increase in the number of objections raised regarding the project at several recent Student Senate meetings.
CHAPTER III

TRENDS IN THE HISTORICAL DEVELOPMENT
OF THE STUDENT CENTERS COMMITTEE

The historical development of the Student Centers Committee at the University of Wisconsin-La Crosse from 1959-82 has been related in a summary of the Committee's minutes in Chapter II. An analysis of this summary indicated that several trends have evolved regarding the philosophy, structure, role, and responsibilities of the Committee. These trends have been evaluated in terms of information gathered from a survey of the minutes, the files of the Student Activities and Centers Office, issues of the Racquet and the La Crosse Annual (Yearbook), related published and unpublished materials and interviews with past and present Directors of the Student Centers.

The origins of the present Student Centers Committee (S.C.C.) can be traced to as early as 1954. In that year, the Snack Bar and Co-operative Cafeteria Boards began jointly meeting to begin planning a Student Center. Throughout the five years leading to the formation of the S.C.C., Dr. Graff, Deans Cartwright and Gunning, and Mr. Steuck were inextricably linked to the planning and development of the Center and its Committees. These dedicated administrators were committed to the belief that the Center's programs and services would significantly contribute to the student's total collegiate experience (Adams, 1976).

Responding to the needs of a steadily increasing student body and a state trend (nine unions were built in 1958-59) centralizing campus
social areas and food service in one facility, an informal planning group consisting of Dr. Graff, Dean Cartwright, Dean Gunning, Mr. Steuck and three students appointed by the Campus Controls Council (C.C.C.) was formed in 1958. This group was responsible for developing and recommending plans to President Mitchell for the Center's meeting rooms, recreation and dining areas, and food service and bookstore facilities. Upon the completion of the Center in 1959, this informal group became the Student Centers Committee (S.C.C.), one of the first student/faculty committees on campus (Gilkey, 1981).

In its initial form, the S.C.C. included the Deans of Women and Men, two faculty representatives appointed by the President, three students, one each representing the sophomore, junior and senior classes appointed by the C.C.C., and the Director of the Student Centers as an ex-officio member. The Committee was responsible for the formulation of general policies regarding the Center (Adams, 1976). The structure of the Committee was essentially based upon the model developed for the Union policy board at the University of Wisconsin-Madison (Steuck, 1982).

To the present time, the most significant trend reflected in an analysis of the S.C.C.'s development has been the gradual transformation of its guiding philosophy from a "Union" orientation into a "Center". The initial Committee was conceived to accommodate the meeting, food service, recreation, and social needs of the student body and campus community (Bassuener, 1972). During its first decade of service, the union served as a central facility for students to meet, eat, and relax. Under the direction of the Committee, the union was successful in bringing together students, faculty and staff in a convenient,
informal atmosphere (Steuck, 1982).

Though there is no definite point in time where the philosophy guiding the Committee changed, it was probably best embodied by the merger of the separate units of Student Activities and Student Centers in 1973. By this time, the Centers had become more than a place to unify the campus community. In essence, the Center's primary purpose was to serve as the student's out-of-class educational experiences (Mullally, 1982). This philosophic orientation has guided the Committee as it approves and reviews programs and services which provide students the opportunity to experience personal growth, develop leadership skills, and learn social responsibility.

A corresponding trend to the gradual change in philosophic orientation of the Committee has been the steadily increasing numerical influence and leadership of student members. From 1959–67, the Committee was dominated by the voting majority and strong conservation leadership of the four faculty/administrators (Steuck, 1982). Though there were several capable student leaders during this time, it was not until 1967 that students gained a voting majority.

In 1967, two new student members, including the Chairman of the Operations and Procedures Council and an at-large member appointed by the Campus Controls Council, were added. With the dissolution of student government in 1970, all student appointed positions were directly elected by the student body. As a result, there was no longer an effort to select members based upon their class standing. With the formation of the University of Wisconsin-La Crosse Student Association in 1975, the Committee's student membership consisted of three student senators, one at-large representative appointed by the Student Senate,
and one representative each from the Program Council (formerly O and P) and the Sports and Activity Clubs-Council. In 1981, the Committee added one representative from the Residence Hall Association Council (RHAC) to improve communication and policy input between the Committee and the Residence hall students.

In general, these membership changes reflected a campus-wide effort beginning in the mid-1960's to provide students an opportunity for students to apply their academic experience to a practical situation, while also participating in university governance. With the merger of the two state systems of higher education in 1973, state law required that "students shall have the primary responsibility for the formulation and review of policies concerning student life, services, and interests" (Gilkey, page 171, 1981).

The development of the present Committee structure has been a reflection of the need to increase the student's role in administering programs and services which are primarily funded by student fees. Further, the present structure facilitates the Center's role in achieving the University's core mission of attempting to "meet the educational and personal development needs of students" (Gilkey, page 236, 1981).

Another major trend is reflected in the Committee's relationship to programming student activities. For the first few years, the Committee, through a myriad of sub-committees, provided tours, banquets, and various entertainment programs. As the Committee further defined its role, it has delegated and eliminated all of its programming responsibilities. For over a decade, the Committee has strictly limited itself to the study, formulation and review of policies.
administering the Center's programs and services.

Another significant trend in the Student Centers Committee's development has been its continued efforts to improve its facilities, programs, and services to meet the demands of an increasing student enrollment. Since 1959, the student enrollment has nearly quintupled, the number of student organizations has increased ten-fold, and the number of scheduled meetings, classes, and programs has more than doubled. As a result, the Committee has constantly developed and implemented major and minor remodeling projects to meet the growing demands of the student body and campus community.

As early as 1961, the Committee began planning for the eventual 1964 addition to the north side of the Center. Key priorities in the 1964 building project were the need to increase meeting and dining areas, food service areas, and storage facilities.

A major aspect of the 1964 addition and of every major remodeling project since, has been the proposal for an extension of the present elevator to the third floor. Then, as now, the elevator was needed to serve the third floor banquet and program areas. Until 1981, each proposal has been denied by Central Administration in Madison for a lack of funds and/or building repair and ventilation problems. At the present time, the elevator is not only needed for the reasons stated above, but also to facilitate access to the Center by handicapped students.

As the number of residence hall students increased, so did the need for increased contract dining facilities. In 1966, Whitney Center, named after longtime Geography Professor, Clayton A. Whitney, was built to provide additional dining and recreational areas. Whitney
Center, which won an award for architectural design by Institutions magazine, has since also been used as a study and program area, and, in its lower level, as Textbook Library and Health Center.

Soon after the construction of Whitney Center, a second food facility was proposed by Central Administration. The facility was planned to be used for a dining and program area for residence hall students on the east end of campus. However, after further research indicated that student enrollments would decline during the 1970's, Central Administration decided against building an additional facility.

Though the second food facility was not built, many of the ideas that were planned for it were incorporated in a remodeling project for Cartwright Center. Again, meeting, food service and program space were key priorities.

In addition to providing for adequate food service and dining areas, the Committee has also been involved in the negotiations, approval, and monitoring of the food service contract.

Reoccurring food service problems have been the poor quality of food and lack of proper sanitation techniques. The most severe problems occurred when the Saga Company underbid the food contract in 1978 and, in an attempt to cut costs, failed to meet the food contract's specifications for the variety and portion size of foods available in Whitney Center. Responding to student complaints, the Committee instituted a constant system of monitoring. Though the food service slowly improved, Saga's relationship with students was often hostile, and the contract was eventually lost by bid to PFM in 1980.

The proposed remodeling project for 1983-85 dates back to the planning begun in 1974. At present, the project has been approved by
all of the appropriate University and State agencies, and student fees have been increased to build the reserves necessary for the bonding of the $5.5 million project.

Another responsibility of the Committee has been to oversee the operations of the Bookstore. From 1959-71, a local pharmacy, Degenberglund, operated the Bookstore under a contractual agreement with the Center. Since 1971, the Bookstore has been a self-sustaining operation, and, along with the addition of the Textbook Library in 1975, has been managed under the auspices of the Committee.

Two other problem areas that the Committee has attempted to resolve have been the use of the Center by community groups and the use of alcohol by students within the Center. Both issues have been the subject of several meetings and policy statements.

The use of the Center by community groups was originally a part of the Center's public relations program. Though non-campus groups were charged for their use of the facility, several objections were raised by students and local businessmen. With the lack of adequate meeting facilities, student groups often complained that outside groups were using the Center's rooms. Several local businessmen also complained that the Center was unfairly competing with them. In response, the Committee has established strict policies regarding the use of the facility by outside groups. Student groups have been given top priority for scheduling the Center's rooms and room charges have been increased to offset the added cost of making the rooms available to non-campus organizations.

With the passage of the Age of Majority Act in 1970, the Centers began selling beer as a means of preventing students from drinking off-
campus without adequate supervision. Though the selling of beer on campus has been accepted by students and parents, it has also been the cause of repeated vandalism and disruptive behavior. This was especially true during the weekly happy hour on Fridays, and at hall parties in the Centers. The Committee has recently enacted policies which restrict the use of alcohol, mandate a per glass sale at parties, eliminated the happy hour, and stress constructive programming over the need to have alcohol served at all events.

Taken as a whole, these trends in the development of the Student Centers Committee provided a strong indication of the growth and importance of the Committee's responsibilities. Most importantly, they document the valuable educational experiences student members have had an opportunity to gain as they assist in the formulation and implementation of policies and new services.

The validity of this educational experience has been substantiated on this campus by MacGillivray (1970). In his study, MacGillivray surveyed past Committee members and found "that over one-third believed that their experience significantly contributed to their acceptance into graduate school or in becoming gainfully employed (page 48, 1970).

In summation, it is evident that the Student Centers Committee has served the university's mission by: one, administering the programs and services which encompass the student's out-of-class educational experience; two, allowing students the opportunity to participate in university governance; and, three, facilitating the development of life-long skills within its student members.
CHAPTER IV
SUMMARY, CONCLUSIONS, AND RECOMMENDATIONS

Summary

This study provided a historical tracing of the development of the Student Centers Committee at the University of Wisconsin-La Crosse from 1959-82 and the delineation of several trends that resulted from this development to accomplish these stated purposes, the author presented a summary of the Committee's minutes and analyzed them in regards to data gathered from the files of the Student Activities and Centers Office, related published and unpublished materials, issues of the Racquet and the La Crosse Annual, and personal interviews conducted with past and present Directors of the Student Centers.

The following trends were delineated from this study:

1. The philosophic orientation of the Student Centers Committee has gradually changed from a Union to a Center.

2. Student participation and voting power has continually increased since the mid-1960's.

3. The Committee has eliminated its direct relationship with programming functions and strictly defined its role as the policy-making unit governing the Centers out-of-class educational experiences.

4. The Committee has continually strove to improve the physical facilities programs and services designed to meet the needs of the student body and campus community.
Throughout its existence, the Committee has been successful in adapting to new campus conditions and serving as a vehicle for student development.

Conclusions

Based upon an analysis of the Student Center Committee's minutes and the information included in this study, the following conclusions were drawn:

1. Student participation in the governance of the Centers has been effective and stable, and allows them to develop and recommend social, financial, and administrative policies and programs which will affect the entire campus community.

2. The Committee provides the best system for change and adapting to the needs of the study body and the university.

3. Part and parcel of the impact and effectiveness of the Committee was dependent on the educational philosophy of the Director of Student Centers and related to the leadership exhibited by the Chairperson.

Recommendations

Based upon the information and conclusions resulting from this study, the following are recommended for future research:

1. This study could provide a basis for research evaluating the Student Activities and Center's performance in achieving its stated objectives and goals.

2. Committee effectiveness could be surveyed by assessing the perceptions of past and present members.

3. An intensive study, conducted by the use of a psychological inventory, could help determine the activity, impact, and
effectiveness of the Committee as related to the characteristics and personality of the Chairperson.

4. Research into campus perceptions of the role and effectiveness of the Committee.

5. A follow-up study on the impact of the members experience on the Committee in regards to their personal growth and/or educational and career goals.

Further recommendations which could have a significant impact on the Committee's effectiveness are:

1. Require that an elected administrative officer of the Student Senate serve in place of one of the student senators.

2. Encourage and support continuity by initiating a regular schedule of professionally led leadership training workshops.

3. Develop a direct communication link to the Student Senate and the Racquet to advertise meeting times and major policy decisions.

The historical development of the Student Centers Committee on this campus have been recorded and evaluated in this study. Further study of the Committee and its members will undoubtedly provide additional evidence of its significant administrative and educational role on campus. In addition, the implementation of the recommendations to improve Committee effectiveness could greatly increase its responsiveness to the campus community.

The Student Centers at Wisconsin State University - La Crosse is deeply involved in the "out of class" educational experiences of students. If the University considers the development of the whole person in its educational task, the "out of class" educational experiences can be invaluable opportunities for personal growth and leisure time activity.

Students have requested beer to be served on the campus in the Student Centers. Beer is a beverage which is particularly involved in the culture of Wisconsin and the "out of class" activities of students. Serving beer in the Student Centers as an integral part of certain programming can be another service that the University, through the Student Centers, can give to the students and other University personnel. Thus, the use of beer in a controlled situation in conjunction with certain "out of class" programming can be a learning experience as well as a leisure time activity.

There are safety factors which would be beneficial to students on campus likewise. Traveling on roads in the city under the influence of an alcoholic beverage can be avoided for those choosing this service in the Student Centers.

WHEREAS: the consumption of alcoholic beverages is causing problems of major concern in our society, and

WHEREAS: damage and destruction in both Whitney and Cartwright Centers has reached a level of concern, and

WHEREAS: the University of Wisconsin-La Crosse is an institution of higher learning and the promotion of and/or inducement to consume alcoholic beverages is contrary to its mission

THEREFORE, BE IT RESOLVED THAT: the Student Centers Committee and their respective program committees establish the following guidelines for the sale and consumption of alcoholic beverages.
A. General Provisions

1. The administration of these guidelines is the responsibility of the Director of Student Activities and Centers; however, the Chancellor will approve each request for liquor service.

2. The University Food Service is the sole vendor of alcoholic beverages on campus. As such, they will provide all necessary qualified personnel for dispensing alcoholic beverages, checking identifications, obtaining and maintaining the necessary licenses, stamps and permits, and clean up.

3. Alcoholic beverages are defined as those containing alcohol including beer, wine, spirits, etc.

4. Alcoholic beverage service is available only to UW-L students, staff, and their invited guests and non-University groups during their scheduled conferences or meetings held on campus. No person under 18 years of age will be served. Identification will be by student I.D. and either the Wisconsin I.D., drivers license, draft card, or birth certificate, and checked by University Food Service personnel at the entrance.

5. Alcoholic beverages may not be sold at events in order to make profit from the proceeds or for fund raising of any kind (see Section D).

6. It is the responsibility of the group sponsoring an event, Centers staff on duty, and University Food Service personnel on duty to deal with conduct in violation of Student Centers code and University policies.

7. Alcoholic beverages may be consumed only in the areas designated in B-1 and C-1 below. All alcoholic beverages must be consumed within the room in which they are served.

8. The use of malt beverages at any University function open to the general public must be approved on an individual basis by the Chancellor.

9. Alcoholic beverages will be served on a cash-by-the-drink basis at the established price. Under no circumstances will prices be reduced for any reason. The two special considerations for catered events only are exceptions:

   a. Wine by the bottle with a banquet meal and alcoholic punch by the gallon may be furnished upon special approval.

   b. When no more than one 1/2 barrel of beer is ordered, the organization officers and advisor assume responsibility for checking age, dispensing, and damage by signing the scheduling form in the Student Activities and Centers Office.
10. Additional non-alcoholic beverages and "munchies" will also be made available at all times where alcoholic beverages are served.

B. Regular Service

1. Beer (less than 5% alcohol by weight) and wine may be vended on a regular basis at the time and locations listed below:

   **Cellar:** Mon - Fri. - 11 a.m. to 11:45 p.m.
   
   Saturday - 3:30 p.m. to 12:45 p.m.
   
   Sunday - 3:30 p.m. to 11:45 p.m.

   **Indian Commons:** Goblet service of "Export" during the noon meal

2. Beer will be dispensed only in plastic mugs or pitchers except in Indian Commons during regular service hours.

C. Catered Service

1. Alcoholic beverages including beer, wine, and liquor may be served at catered events in the following areas:

   **Cartwright Center:** The Cellar, Valhalla, Hall of Presidents, Ishmala, Leni-Lenape, Indian Commons, Pow Wow, and the 200 numbered rooms.

   **Whitney Center:** All four cafeterias

   **Other Areas:** May be scheduled at times when the building is not normally open by making special arrangements through the Director of Student Activities and Centers

2. Catered events may be scheduled in the Cellar only at times other than the regularly scheduled service as outlined in B-1 above.

   b. Other areas in Cartwright Center may be scheduled at times when the building is not normally open by making special arrangements with the Director.

3. Liquor service during receptions will be limited to a maximum duration of one and one-half hours.

4. Requests for alcohol service at a catered event must be scheduled with the Student Activities and Centers and Food Service offices at least seven (7) days in advance of the event.

D. Procedure for Sale of Alcoholic Beverages for Philanthropic Fund Raising Projects

State and federal law prohibit the resale of alcoholic beverages to make a profit (net revenue over expenses) except by a bonified licensee and tax
stamp holder (i.e., PFM). We interpret this to mean that no proceeds from the sale of wine, beer, or alcohol can be returned to the sponsoring organization for any reason.

If beer, wine, or alcohol is donated or sold at a reduced rate by the distributor as a donation to the philanthropy, PFM will sell the beverage at the contract rate, subtract expenses from revenue, and issue a check for the difference made payable directly to the philanthropy. A check will not be issued to the sponsoring organization because they could direct all or a portion of the proceeds to their treasury which would be a violation of law.

Approved Student Centers Committee, 9-25-80
STUDENT ACTIVITIES AND CENTERS

USE OF WHITNEY CENTER FOR NON-CONTRACT FOOD FUNCTIONS

The primary purpose of Whitney Center is to provide facilities for the contract food service. Other functions may be scheduled from time to time in such a way as that they do not interfere with the contract food program. The two south (uncarpeted) cafeterias may be scheduled for parties, dances, and other activities in which beer is served. The two north (carpeted) rooms will be reserved for more decorous events. The following policies have been established to facilitate multiple use of these cafeterias with minimal interference to the contract boarding program.

1. The facility is not available until after 7 p.m. Monday through Friday and 6 p.m. on Saturday and Sunday.

2. The room must be re-set-up no later than 9 a.m. the next day.

3. The beverage dispensers, ice cream machines and other serving equipment cannot be removed and must be protected from damage.

4. A Student Centers custodian must be present (supervise) during all take down and set-up and be present in the building during the function.

5. The moveable equipment (tables, chairs, etc.) should be stacked within the room. Moving it to other parts of the building would more than double the man hours involved and increase the wear and tear on the equipment.

6. The best estimate of the minimum man hours necessary are as follows:

   Take down: two men - 4 hours each
   Scrubbing floor and clean up: two men - 2 hours each
   Re-Set-Up: two men - 4 hours each (Saga personnel will be present during set-up)

7. The manpower needed in addition to the Student Centers custodian could be provided by residence hall custodians, student help, or additional Physical Plant staff.

8. The scheduling procedure will be completed through Diane Dyb, Scheduling Clerk, Student Activities and Centers Office.

1/17/78
Scheduling Policies for Cartwright and Whitney Centers. The following special policies apply to the scheduling of Cartwright and Whitney Centers because of the special mission assigned to these facilities. Listed in priority order:

c. **Student Groups.** Recognized campus organizations or a student group in the process of organizing to seek official recognition.

d. **Faculty/Staff Groups.** Any faculty/staff group representing recognized departments, units, organizations, or associations within the UW-L campus community.

e. **Academic Classroom Use.** Student Centers facilities may be scheduled for academic classroom use, including exams, under the following conditions:

   (2) When the change is only on a temporary basis and not part of the permanent class schedule.

   (3) That there will not be conflicts with previously scheduled programs, meetings and other activities.

f. **Non-University Groups.** Non-University groups may schedule Student Center facilities as per the policies and procedures outlined in item (1) above.

g. **U-Bar Scheduling Policy.** Skits and other forms of entertainment sponsored by recognized student organizations and scheduled through the Student Activities and Centers Office may be held in the U-Bar (Leni-Lenape) during open hours. Speakers, forums, debates, political rallies may not be scheduled in the U-Bar until after 3:30 p.m. Speakers, forums, etc., may be scheduled in other rooms of the building during open hours. The U-Bar is an open facility, therefore, admission by ticket, button, etc., is prohibited during open hours (SC Board 4/19/75).

h. **Cellar Scheduling Policy.** Recognized student organizations may reserve the programming side of the Cellar during open hours under the following conditions:

   (1) An activity whose student audience is more than 25 and will not exceed 200. The organization must program with the general student body in mind as the area cannot be blocked off to exclude anyone from entering. Building hours will be enforced. The Cellar will not be scheduled to promote a social cause, political, or religious activity.

   (2) Program Council and its subcommittees will have priority in scheduling events on open calendar dates. However, no group will be bumped from its scheduled date in the cellar. Traditional events have priority
and an automatic reservation in the Cellar. They are: Trivia Night: alternating Tuesdays, 7:30 to 9:30 p.m.; Noon-On-Stage: daily, Monday thru Friday; Flicks: Wednesdays, 8 p.m. to 11 p.m.; Cellar Dweller Hour: Fridays, 4 p.m. to 6 p.m.; Oktoberfest Kick-Off: Wednesday before Oktoberfest week; Winter Carnival Mini-Concert: Tuesday of Winter Carnival Week; other activities that will be set up on a permanent basis for the general student population.

(3) Academic classes may reserve the programming side of the Cellar between 8 a.m. and 10:30 a.m. Monday thru Friday.

(4) The sponsoring organization will be held responsible for maintaining order in the facility, for returning tables and chairs to their order and for any damage to equipment and/or facility.

(5) Only over-the-counter bar and food system will be in effect during normal operating hours.

(6) The Cellar is an open facility; therefore, admission by ticket, button, etc., is prohibited during open hours, except traditional events and events approved by the Student Program Council.

(7) Special arrangements can be made to reserve the Cellar during non-operating hours. The organization will incur charges, however, for custodial, sound, and/or catering services.

(8) It is the combined responsibility of the group sponsoring an event, Centers staff on duty, and University Food Service personnel on duty to deal with conduct in violation of Student Centers code and University policies.

(9) UW-L "Scheduling Policies and Procedures for Use of University Facilities" will apply.

b. Any promotion involving changes of contract prices and introduction of new food items must be presented to the Student Centers Committee for approval via the Food Committee.

c. Any promotion involving prizes or entertainment is considered to be a program, thus the food service must co-sponsor these programs with the Program Council.

d. Any promotion involving beer (one allotted per distributorship per year) must be presented to the Student Centers Committee for approval via the Program Council.

e. The price of beer will be kept at regular prices.

(Student Centers Committee 9/13/79)
i. Whitney Center Scheduling Policy. The primary purpose of Whitney Center is to provide facilities for the contract food service. Other functions may be scheduled from time to time in such a way as that they do not interfere with the contract food program. Either of the two south (uncarpeted) cafeterias (#2 or #4) may be scheduled when available for parties, dances, and other activities. The following policies have been established to facilitate multiple use of these cafeterias with minimal interference to the contract boarding program.

(1) Whitney Center may be scheduled for non-contract food functions on Friday, Saturday, and Sunday after 7 p.m. and after 8 p.m. Monday thru Thursday.

(2) A minimum of five days' notice must be given for scheduling an event in Whitney Center. The facility is scheduled through Diane Dyb in the Student Activities Office. Only after the scheduling process is completed should food service be contacted for those arrangements.

(3) Student Centers' staff must be present (supervise) during all take down and set-up and be present in the building during the function. The room must be set up by 9 a.m. the day following the event.

(4) The organization scheduling the event will provide or arrange for labor to perform take down and re-set-up service. The manpower needed in addition to the Student Centers' custodian could be provided by residence hall custodians, student help or additional Physical Plant staff. The sponsoring organization may provide their own volunteer labor.

(a) The best estimate of the minimum man hours necessary are as follows:

   Take down: two men - 4 hours each

   Re-set up: two men - 4 hours each (Saga personnel will be present during set up to supervise.)

(b) Student Centers' custodians will scrub the floors. The estimate of needed manpower is two men - 2 hours each. This cost will be billed to sponsoring group. An estimate of labor costs are:

   Custodial - $9.78 per hour ($14.67 overtime, evenings, weekends);
   Student Manager - $3.45 per hour; and other student help - $3.08 per hour. This estimate refers to costs of using Whitney Center only.

(5) The beverage dispensers, ice cream machines, and other serving equipment cannot be removed and must be protected from damage. Room dividers will be provided.

(6) The moveable equipment (tables, chairs, etc.) will be stacked within the room. Moving it to other parts of the building would more than double the man hours involved and increase the wear and tear on the equipment.

(7) When beer is one of the beverages available, an ID checker and bartenders must be provided by the food service company. The organization scheduling the event will be charged for that labor. Rates are as follows: $3.75 per hour.

(8) Any and all damages incurred will be charged to the sponsoring organization.

Approved Student Centers Committee 9-25-80
JUSTIFICATION FOR MONITORING:

1. To evaluate the food service contract as drawn up and negotiated between the university and the contractor. A million-dollar contract needs careful scrutiny and monitoring. Monitoring keeps the food contractor aware that we are checking on their fulfillment of the contract. A complete evaluation of the contractor and contract cannot be made unless there is involvement also in the feeding process. Production, serving, and cleanliness are also monitored by the Student Centers staff.

2. To be able to relate to students who are on the contract meal plan. Coming into personal contact with the students on the program gives opportunity for individual feedback and evaluation. Some students, when they are aware that they are eating with a Student Centers staff member, are amazed that the staff would be willing to eat the same food as they are in the cafeterias. There is certainly also the value of student contact to show concern for the students on the contract meal plan.

3. To make contact with other university personnel as well as students who utilize the other snack bars in the Student Centers operation. Thus, some contact is made with all clientele who utilize the food service.

4. A food committee representing each residence hall and commuters meets twice a month to share concerns and make recommendations directly to the food service manager. This student contact can also be more productive when the Student Centers staff advisor of the committee has had some personal experience with the feeding process.

5. To be present when possible disruptions arise. Thus, Student Centers staff as well as Student Affairs and Housing staff, when called upon, become actual witnesses of the disruptions and may be able to exert some control or prevention.

6. The food service contractor encourages Student Centers staff involvement in the feeding process. Such involvement by the staff, they feel, is a protection for them against unreasonable student and university personnel demands and misunderstandings. The staff is more able then personally to determine whether the complaints are valid.

METHODS OF MONITORING:

1. Passes are issued to the Student Centers staff for monitoring the food service program. A schedule is issued by the Associate Director of Student Centers.

2. Additional passes are issued to Student Affairs and Housing staff personnel on a call-basis when problems seem to be eminent in the food service areas.

3. The food passes are numbered. The numbers are recorded by the dining area checker-cashier. In addition, an evaluation form is required to be returned to the Associate Director within the following week. The comments on the evaluation forms are discussed with the food service manager, and then filed.

STUDENT ACTIVITIES AND CENTERS

Memorandum

TO: All Student Organizations

FROM: Bill Wagner, Chairperson, Student Centers Committee

SUBJECT: Materials Left on Tables in the U-Bar, Cartwright Center

DATE: September 24, 1980

WHEREAS: The Student Centers Committee is vitally concerned with the visual appearance of Cartwright Center because it is used as the campus "living room" to entertain guests including prospective students and;

WHEREAS: The Student Centers Committee has received written and vocal complaints about the materials that organizations are leaving on the tables in the U-Bar creating the impression that they "own" a table or have one reserved;

BE IT RESOLVED: That organizations using tables in the U-Bar keep these tables presentable by condensing all of their materials into one standard 3-ring binder or standard 2-pocket folder placed in the middle of the table and;

BE IT FURTHER RESOLVED: Materials other than those specified in Section E and F of the poster regulations left on any table after the closing of the U-Bar will be removed to Lost and Found.

The preceding resolution/motion was passed by the Student Centers Committee at their meeting on September 18 and will be enforced effective October 1, 1980.

Since the remodeling of the operations office in the basement of Cartwright Center, it has become necessary to close the paint room adjacent to the rental center and operations office. Spray painting can't be allowed because of health and cleanliness reasons. The status of using the paint room for other types of sign making is currently being studied by the Student Centers Committee. Your input would be welcome.

Your cooperation will be greatly appreciated. If your organization has any questions concerning these policies or any other issues, please feel free to contact me through the Student Association Office, 204 Cartwright Center.

THE ROLE OF THE COLLEGE UNION

1. The union is the community center of the college, for all the members of the college family—students, faculty, administration, alumni and guests. It is not just a building; it is also an organization and a program. Together they represent a well-considered plan for the community life of the college.

2. As the “living room” or the “hearthstone” of the college, the union provides for the services, conveniences, and amenities the members of the college family need in their daily life on the campus and for getting to know and understand one another through informal association outside the classroom.

3. The union is part of the educational program of the college.

As the center of college community life, it serves as a laboratory of citizenship, training students in social responsibility and for leadership in our democracy.

Through its various boards, committees, and staff, it provides a cultural, social, and recreational program, aiming to make free time activity a cooperative factor with study in education.

In all its processes it encourages self-directed activity, giving maximum opportunity for self-realization and for growth in individual social competency and group effectiveness. Its goal is the development of persons as well as intellects.

4. The union serves as a unifying force in the life of the college, cultivating enduring regard for and loyalty to the college.
