Volume 2, Number 4, 1982

Periodical literature is the cutting edge of women's scholarship, feminist theory, and much of women's culture. Feminist Periodicals: A Current Listing of Contents is published by the Office of the Women's Studies Librarian-at-Large on a quarterly basis with the intent of increasing public awareness of feminist periodicals. It is our hope that Feminist Periodicals will serve several purposes: to keep the reader abreast of current topics in feminist literature; to increase readers' familiarity with a wide spectrum of feminist periodicals; and to provide the requisite bibliographic information should a reader wish to subscribe to a journal or to obtain a particular article at her library or through interlibrary loan. (Users will need to be aware of the limitations of the new copyright law with regard to photocopying of copyrighted materials.)

Table of contents pages from current issues of major feminist journals are reproduced in each issue of Feminist Periodicals, preceded by a comprehensive annotated listing of all journals we have selected. As publication schedules vary enormously, not every periodical will have table of contents pages reproduced in each issue of FP. The annotated listing provides the following information on each journal:

1. Year of first publication.
2. Frequency of publication.
3. U.S. subscription price(s).
4. Subscription address.
5. Current editor.
6. Editorial address (if different from subscription address).
7. International Standard Serials Number (ISSN).
8. Library of Congress (LC) catalog card number.
9. OCLC, Inc. Control Number.
10. Locations where the journal is held in the UW system.
11. Publications in which the journal is indexed.
12. Subject focus/statement of purpose of the journal.

ii.

Please note that in the actual text, only the numbers 1 to 12 are used to identify the different categories of information.

Our goal is to include in FP all English-language feminist periodicals with a substantial national or regional readership. We do not include publications which, though feminist in philosophy, do not focus solely on women's issues. We are also unable to include periodicals which lack a complete table of contents. We encourage feminist serials to build a full table of contents into their regular format to facilitate the indexing feminist literature sorely needs.

Interested readers will find more complete information on feminist periodicals in Guide to Women's Publishing by Polly Joan and Andrea Chesman (Paradise, CA: Dustbooks, 1978); The Annotated Guide to Women's Periodicals in the U.S. edited bi-annually by Terry Mehlman (5173 Turner Rd., Richmond, IN 47374); The Index/Directory of Women's Media published annually by the Women's Institute for Freedom of the Press (3306 Ross Place, N.W., Washington, D.C. 20008); and in Women's Periodicals and Newspapers: A Union List of the Holdings of Madison Area Libraries, edited by James P. Danky, compiled by Maureen E. Hady, Barry Christopher Noona, and Neil E. Strache (Boston: G.K. Hall, 1982).

Suggestions for improvement of Feminist Periodicals are gratefully received. We would particularly appreciate assistance from readers in the UW System with our efforts to keep the holdings information complete and up-to-date. Please let us know about new subscriptions, subscriptions we have overlooked, cancellations, or other pertinent information.
