## a current listing of contents

Volume 6, Number 1 1986

Periodical literature is the cutting edge of women's scholarship, feminist theory, and much of women's culture. Feminist Periodicals: A Current Listing of Contents is published by the Office of the Women's Studies Librarian-at-Large on a quarterly basis with the intent of increasing public awareness of feminist periodicals. It is our hope that Feminist Periodicals will serve several purposes: to keep the reader abreast of current topics in feminist literature; to increase readers' familiarity with a wide spectrum of feminist periodicals; and to provide the requisite bibliographic information should a reader wish to subscribe to a journal or to obtain a particular article at her library or through interlibrary loan. (Users will need to be aware of the limitations of the new copyright law with regard to photocopying of copyrighted materials.)

Table of contents pages from current issues of major feminist journals are reproduced in each issue of Feminist Periodicals, preceded by a comprehensive annotated listing of all journals we have selected. As publication schedules vary enormously, not every periodical will have table of contents pages reproduced in each issue of FP. The annotated listing provides the following information on each journal:

1. Year of first publication.
2. Frequency of publication.
3. U.S. subscription price(s).
4. Subscription address.
5. Current editor.
6. Editorial address (if different from subscription address).
7. International Standard Serials Number (ISSN).
8. Library of Congress (LC) catalog card number.
9. OCLC, Inc. Control Number.
10. Locations where the journal is held in the UW system.
11. Publications in which the journal is indexed.
12. Subject focus/statement of purpose of the journal.

Please note that in the actual text, only the numbers 1 to 12 are used to identify the different categories of information.

ii.

Our goal is to have represented in FP all English-language feminist periodicals with a substantial national or regional readership, with an emphasis on scholarly journals and small press offering. We do not include publications which, though feminist in philosophy, do not focus solely on women's issues. Nor, with the exception of Ms., do we include newsstand magazines. We are also forced to omit periodicals which lack a complete table of contents. We encourage feminist serials to build a full table of contents into their regular format to facilitate the indexing feminist literature sorely needs.

Interested readers will find more complete information on feminist periodicals in Guide to Women's Publishing by Polly Joan and Andrea Chesman (Paradise, CA: Dustbooks, 1978); The Annotated Guide to Women's Periodicals in the U.S. edited bi-annually by Terry Mehlman (5173 Turner Rd., Richmond, IN 47374); The Index/Directory of Women's Media published annually by the Women's Institute for Freedom of the Press (3306 Ross Place, NW, Washington, DC 20008); and in Women's Periodicals and Newspapers: A Union List of the Holdings of Madison Area Libraries, edited by James P. Danky, compiled by Maureen E. Hady, Barry Christopher Noona, and Neil E. Strache (Boston: G.K. Hall, 1982).

Suggestions for improvement of Feminist Periodicals are gratefully received. We would particularly appreciate assistance from readers in the UW-System with our efforts to keep the holding information complete and up-to-date. Please let us know about new subscriptions, subscriptions we have overlooked, cancellations, or other pertinent information.

## POWER PLAYS: BREAKING THE MALE MONOPOLY OF JEWISH COMMUNITY LEADERSHIP

by Aviva Cantor with  
Reena Sigman Friedman  
LILITH reports from the front  
lines on women's struggle to  
wrest power from—and share  
responsibility with—the men  
who make the decisions for  
North American Jews. Based on  
investigative reports and  
extensive interviews with  
women lay leaders and  
professionals across the  
nation.

14

## RIDING HIGH: ANNIE OAKLEY'S JEWISH CONTEMPORARIES

by Harriet Rochlin  
Was the West liberating for  
Jewish women? Finally a  
historian focuses in on the  
pioneer Jewish women of the  
American West, revealing how  
they used their unique  
historical opportunities to  
shape their own lives and the  
embryonic Jewish communities  
they helped create.

## EXPLORING THE LINK BETWEEN WOMANHOOD AND THE RABBINATE

by Raye T. Katz

LILITH interviews Rabbi  
Amy Eilberg, the first  
woman to become a rabbi in  
the Conservative movement,  
and gets her views on the  
implications of the ordination  
victory for American Jews.  
Eilberg discusses how a woman's  
perspective and experience may  
affect the rabbinate and Judaism  
in general and the conflicts she  
sees between tradition and  
feminism in dealing with liturgy  
and central aspects of Jewish  
law (such as divorce).
