Dear Dr. Miles :

It was an opportunity to say hello to you and Eleanor when we spoke this morning. I am very sorry to say you, that we --- need to change the dates for the seminar, instead of March -- 22 - 26, the week of April 26th.

I think the seminar must be offered in México City, Value --- Analysis is a requirement for growth and our industry needs - it.

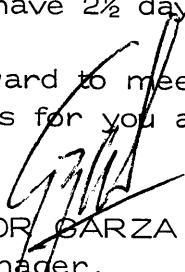

We were thinking in making another change, I hope you'll ad-- mit it: We can have the same 5 sessions but let's say, two on Monday, two on Tuesday an one in Wednesday; we could work_ in this way :

	9:00 - 10:30	meeting
MORNING	10:30 - 11:00	coffee brake
SESSION	11:00 - 12:15	meeting
	12:15 - 3:00	Time for meals
	3:00 - 4:30	meeting
AFTERNOON	4:30 - 5:00	coffee brake
SESSION	5:00 - 6:15	meeting

So you can have 2½ days off to look around this magnificent city.

Looking forward to meet you in México City, with warmest per-- sonal regards for you and Elanor.

Sincerely.

Dear Hector:

The week of March 22 is fine for us. Eleanor and I will arrive on Sunday, March 21. Will let you know flight and time as quickly as we get confirmed reservations.

Will you arrange for the hotel, please? We like the Mexican hotels but whatever arrangements you make will be fine with us. Since time is short, we hope to hear from you on this at once.

Hector, do you want the same type program as in Monterrey last year--what hours--please send all information you have on the program that will help me to give you exactly what you want.

It will be good to be with you again, we both hope Lupe will be with you.

Best regards

Larry Miles

Dear Larry:

I hope every thing is going o.k. in Sedgefield and you and Eleonor are in good health; thanking you very much for your beautiful Christmas card, I hope you have received ours.

Since September 23/70 when I let you know about our preferences for the program in Mexico city I haven't had any news on it. In that letter I told you about to hold the seminar the third week of March, but if you think is a good opportunity to work on the week of the 22, will be preferable for us.

I don't know if is possible for you, but please let me know your decision at the earliest convenience.

Looking forward to meet you, and I hope in Mexico city, with my best personal regards,

Ing. Héctor Garza Sepúlveda
General Manager.

Dear Hector;

Warmest Greetings to you, your associates, and
Guadalupe.

All is very well with Eleanor and myself.

Since we are nearing the third week of March
we want to take a closer reading on the status
of the Mexico City assignment included in your
letter of Sept. 23, 1970.

If the course materialized, we now want to
make some definite reservations and plans. Should
it happen that the arrangement was not completed
to your satisfaction, and should be cancelled or
deferred, it is completely satisfactory to us.
We love Mexico and enjoy being there, on the other
hand our schedule is very heavy here, and we could
use the extra time here to good advantage.

Sincerely hope that all is well with you,

Yours very truly,

Larry Miles
