Dear Larry,

On behalf of both the Los Angeles Chapter of S.A.V.E., and the Value Analysis Standardization Committee of the Los Angeles Purchasing Agents Association, I would like to thank you for your excellent presentation Wednesday evening. As always, your message was inspiring and provoked a number of extremely favorable comments among both S.A.V.E. and P.A.A. people. It seemed to be ideally presented for such a joint gathering and was an inspiration to all of us.

Sincerely,

SOCIETY OF AMERICAN VALUE ENGINEERS
