

Our Mission:

To celebrate the research, scholarship and creative achievements of the faculty and staff of the University of Wisconsin-River Falls.

This celebration represents the work that occurs outside of the classroom, enriching our campus and communities.

CRSCA honors and showcases these achievements through the display of books, journal articles, papers, posters, fine and performance art, and other artifacts produced by our faculty and staff.

Guidelines for Submission:

Printed items were published or accepted for publication during the calendar year of 2008.

Creative work was produced, performed, or exhibited during the calendar year of 2008.

Academic papers or posters were presented during the calendar year of 2008.

Grants were funded or accepted for funding during the calendar year of 2008.

Celebrating

Research, Scholarship and Creative Achievement, 2008

Reception

Tuesday, March 24, 2009

3:00 – 4:30 p.m.

Lithograph:

Title: *Mr. Hippo and His Fish*.

Exhibited at the 29th "*Paper in Particular*" Art Exhibition. Columbia College, MO: 2008.

Artist Statement: *I enjoy working with a variety of art medium: oil painting, watercolor, ceramics, sculpture, printmaking, drawing and digital photography. The photograph "Tokyo Night" was taken during my first trip to Tokyo in 2002. I was taken by all the nighttime busy traffic and shimmering neon lights. I was delighted that I could capture some of those experiences. The original image was modified using the Photoshop software which enhanced the motion quality of the busy street scene and its colors. The print "Mr. Hippo" is a lithograph (printed from a lime stone with the original drawing on it). The image is related to a series of drawings and prints I did between 1980's and 1990's. Much of the imagery is autobiographical and talks about my experience and interest. In this particular print, going on fishing trips was the theme and it always brings back fond memories.*
