

9-18-69

Dear Ty

Re your letter 9/15

Myself and secretary will come to
Mc Dow Hill Sept 24, about noon.

We will check in with Mr. Webster, D.M.
Salo, as you suggest.

We will bring our work on the
revision of Tech. of V.A. and E. We want
to go over in detail some of our copy
so we can be sure just how
much we must re-copy, matters
of headings etc.

We must leave at least by 3:00
as we are returning directly to Washington
on the metroliner at 4:00

We thereafter will be farther away -
Louisville Ky, as we feel it so
could not as conveniently come
to New York.

Sincerely
Larry Miles

Dear Larry:

Thanks for your recent letter -- also pleased to hear from you.

I will be out-of-town on Sept. 24, but you could stop in to see Mr. William G. Salo, Editor, Engineering Books. Bill could be of much help to you.

The Spanish edition of your book will be sent to you as soon as it is published. Since the book is not yet out, I cannot send you the address in Mexico where the book can be purchased.

I am turning a copy of your letter over to our sales group for the handling of the AIIE.

Best regards.

Sincerely yours,

Tyler G. Hicks
Editor-in-Chief, Engineering,
Science, and Management
Professional and Reference Book

McGraw Hill Co.
NYC

Dear Ty;

The revision of the book Techniques of VA & E is well along.

My secretary and I wish to arrange an appointment with one of the persons with whom we will be working in finalizing it, preferably for about 1 P.M. Sept 24. We will come to New York for the appointment.

We expect to then return and get our various tasks completed quickly.

Please make arrangements and advise us.

On another matter, I will be doing some work in Mexico in Jan. 1970.

Please advise me if the book is yet in Spanish. Also an address in Mexico where my clients may get it.

On another matter, it is noted that the National Society of AIIE lists our book for sale at a small discount. At his request will you please have the following advised whom to contact to start negotiations for the same arrangement for the national business office of the Society of American Value Engineers.

Frank J Johnson, past national pres. and chairman
of the Board
Society of American Value Engineers Inc.
Windy Hill, Suite A-1
1741 Roswell Street
Smyrna, Ga. 30080

Thank you,

L D Miles
