Dear Larry,

Thank you so much for your letters and all the material you have sent us. You have helped us a good deal with our VA-"product" and we really are grateful.

As you remember I told you about my plans for a trip to the US. Since we met a lot of decisions have been made - the most important one that I will be in the US March 2nd - 31st.

As you were so kind to invite me to see you over there, I think you should know that I will stay in New York and its surroundings March 2nd - 14th.

I would very much appreciate if I could have a message from you as soon as possible to hear if

- we could meet a couple of days during the period March 2nd - 14th
- you can arrange that I study a few VA-installations within companies in the vicinity of New York during the same period
- you have any special suggestions as to my studies

If you have the opportunity to see me and to make some arrangements, will you please also tell me how I best contact you when I get to New York.

I am sorry this letter comes a bit late, but I hope not too late.

Greetings from all of us.

Your friend

Ole
