Dear Colonel Nicholls:

Our people sincerely appreciate the kindnesses expressed in your April 16th letter. It is a real opportunity for us to be able to assist in such important programs at the Arsenal.

Yesterday it was my opportunity to attend the final day of a Value Analysis Seminar in our Pittsfield Missile & Ordnance Systems Department. Your Ray Spenard made one of the best presentations I have ever heard. I would like to call to your attention his unusual ability in this respect and to thank the Arsenal for the substantial assistance which he provided to our people at the Seminar.

Sincerely,

L. D. Miles

Dear Mr. Miles:

The Value Analysis Personnel of the Watervliet Arsenal wishes to express its appreciation for the assistance rendered by Mr. R. E. Fountain of your staff.

His speaking at our graduation exercises on 10 April 1958 was the climax of a very successful seminar. The excellent points by which he illustrated the concepts of the subject were both inspirational and of immediate interest to the participants. We received many compliments on his presentation from those who were in attendance.

Again a sincere thank you for your cooperation and support in our Value Analysis Program.
