Mr. L. D. Miles, Manager  
Value Analysis Services  
Bldg. 32-G 2nd Floor  
SCHMITZ BUILDINGS

As you know, our objectives in having a Suppliers' Orientation Program for Operation Checkrein were to acquaint present and potential suppliers with the scope of the project, explain the part that they must play and most important of all, establish a climate of enthusiasm and co-operation.

Your scheduled talks as well as follow-up comments played an important part. We are grateful for the personal time and effort that you gave on our behalf.
