Roy Fountain presented to the Schenectady Advanced Technical Course one of the finest talks we have had the pleasure of attending. His well-timed humor and wit as well as his excellent examples provided a very informative and inspiring lecture on Value Analysis.

We wish to express our thanks to your organization for providing Roy to perform such a service for us.

Thank you for your inspiring lecture to the Schenectady Advanced Technical Course classes. Many of the class members expressed their appreciation for your informative and eye-opening talk. We heartily agree with their opinion, and found ourselves being awakened pleasantly but forcibly to the status quo and what can be done about it.

Thanks again for a fine job.
