Dear Mr. Miles:

I want to take this opportunity to thank you for speaking before our association recently and want to mention that I have had numerous favorable comments. Everyone enjoyed your talk and thought you handled a difficult subject with clarity.

We did appreciate you coming down to Memphis and would like for you to visit us again at your future convenience.

I am enclosing a clipping from the Commercial Appeal that appeared on March 15.

Yours truly,

R. R. Daubs,
