Mr. L. D. Miles, Manager
Value Analysis Services Unit
General Electric Company
Schenectady, New York

Dear Larry:

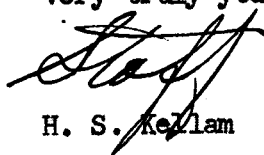

I want to again thank you for the very fine presentation made recently at the Society for Advancement of Management meeting. Jim Wooding also is very appreciative and he has been complimented on arranging the best meeting that they have held.

You will be further interested to know that two of our foremen, who were present that night, had each turned in suggestions before 10 o'clock the next morning, both resulting in overall savings.

I realize that it is quite an undertaking to travel a round doing this extra curricula but I want you to know that we here certainly appreciate it very, very much.

Looking forward to our next "get together" and hoping that we will have more time for discussion. With kind personal regards, I am,

Very truly yours,

H. S. Kellam
