Dear Larry:

It would be difficult for the mind to conceive of any program material which would captivate an audience as did your subject of Value Analysis last night. You have done a very fine thing in presenting this subject to us as only you could do.

It is difficult for us to express the deep appreciation that we have for your time and effort. Please know that every last one of us, as you must know by the keen attention paid, thank you from the bottom of our hearts.

You are a swell fellow to know, and all of us wish you much continued happiness in your work. We hope you enjoy your stay in sunny California and will not regret too much returning to the snow and slush of the east. Maybe you, like so many others, will be moving to California before too long. We would sure be happy to have you in our midst.

Again, a thousand thanks for making possible the finest dinner meeting program we have ever had.

Sincerely yours,

E. Benton Long
First Vice President
