Good Morning Herbert;

Life moves on - and at an exciting pace.

I invited Eleanor "out" for Thanksgiving Day dinner - and she accepted. The attached will show. A few days in Florida and we'll be back in Sedgfield about Dec. 10th.

The Book? McGraw-Hill said the place to get it is as below:

Editora McGraw-Hill do Brasil Ltda.  
Rua Tabapua, 1105  
Sao Paulo

Telephone (011-55-11) 883-1518

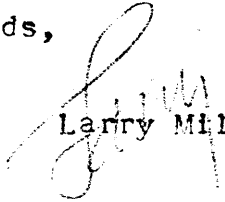

The visual presentations? I am collecting some information and will be able to advise.

I will provide needed materials so that they may be transcribed and available.

Germany? It was very interesting to find that already some groups in Germany see the benefit of the methodical thinking in the management arena. That was the theme of the Frankfurt seminar. I'll enclose a copy of the translations of the titles provided to me. It was stimulating to take part. The theme was - a means to increase the real productivity of management personell.

And - please extend Greetings from Eleanor and myself to Hannah.

Best Regards,

  
Larry Miles
