Dear Mr. Miles:

We had a safety return to Japan last week.

It is quite splended memory that we could meet you and you and your wife had good hospitarity and kindness on the first day of our itinerary. We deeply appreciate to you.

You emphasized that "Balance" was very important to V.E. activity in your lecture. So we thought of balance, whenever we had the chance to exchange views with the members of other American companies.

It helped us very much to understand V.E. policy in your country.

On the basis of the experience and the knowledge during our stay in U.S.A., we will try to develope V.E. activity in our company.

We send you the enclosed photograph for your memory, and Mr. Koshiba, Manager of Hitachi Travel Bureau, Ltd., will send you the others later.

Faithfully yours,

A handwritten signature in cursive script that reads "H. Fujiwara".
