Dear Mr. Miles:

Thank you very much for your note and a copy of your letter addressed to Mr. Akira Kodama, dated Sept. 11, 1972.

I am very happy to learn that you are coming to Japan soon. Moreover, I am most appreciative and feel greatly honored that you mentioned that you are willing to extend your trip to Hiroshima during your stay in Japan.

As to the itinerary and program of your visit to Hiroshima, I will leave it to the discretion of Mr. Kodama, but please rest assured that I will do everything possible, on my part, to make your stay here, as well as Mrs. Miles; pleasant and significant.

I look forward to welcoming you and Mrs. Miles here soon and wish you both Bon Voyage.

Sincerely,

Takehiko Tanaka

Dear Mr. Miles:

First of all, I wish to express my heartfelt appreciation to you for the courtesy and assistance rendered to Mr. Takehiko Tanaka over the years, particularly during his recent visit to the United States on the occasion of the SAVE Conference held in Miami Beach.

I was very much pleased to hear from Mr. Tanaka that you will be able to spare us your valuable time to visit Hiroshima during your coming trip to Japan. It will be a great honor and pleasure to greet you at our plant here for you to observe our plant operation at first hand and to exchange opinions regarding Value Engineering.

Moreover, Hiroshima is now one of the places of interest in Japan, as you probably know, which I hope you will not miss during your visit to Japan.

I am looking forward to the pleasure of meeting you here in the near future.

Yours sincerely,

Takashi Oguri
