Mr. L. D. Miles
General Electric Company
One River Road
Schenectady 5, New York

Dear Mr. Miles:

I want to take this opportunity of expressing to you my thanks and the appreciation of the American Society of Tool Engineers for the fine job that you did for us at our 24th Annual Meeting.

The overall attendance at the meeting was excellent. The attendance at the technical sessions set a record. The sale of collected sets of papers and of individual reprints was beyond our most optimistic expectations. None of this would have happened without the outstanding papers contributed by each of the authors.

I know that you put a lot of work on your paper. I also know that we did our best to get the papers out in satisfactory preprint form. Here again your fine cooperation helped us out.

We hope that you got as much satisfaction out of the meeting as many of our members have told us they did.

With kindest regards,

Very truly yours,

Leslie S. Fletcher
Program Director
