Paris, January 12, 1981

Dear Mr. Miles,

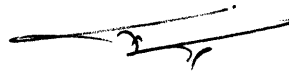

I had no possibility to participate to the SAVE 1980 Convention in Dallas, and I am afraid not to have time to go to the Saint-Louis Convention this year, in April.

It makes me sad, but, as you know, the future is ours !

At the start of this new year, I wish to you and to your charming wife a happy year and a strong health, so that we shall be able to meet together a number of other times.

Included two photographs remembering our wonderful meeting at your blessed home in May 1979.

With all my best regards.

G. GOUZE

P.J. - 2 photographs.

P.S. - The French V.E. Society will hold its second Convention (first one in March 1979 as you may remember) on October 22 and 23, this year. Perhaps will you have the opportunity to come in Paris for this Convention. In that case, I hope you will plan to be, Mrs. Miles and you, my hosts.
