Mr. L. D. Miles, Manager  
Room 165, Building 2  
Schenectady

Dear Larry:

I have received your congratulatory letter of July 16 commenting on the Manufacturing Services Bulletin.

I feel that if we can succeed in providing a mere fraction of the service to the Company, that you have provided with your Value Analysis Unit, we will then consider ourselves to have been successful.

I wish to express my sincere appreciation for your comments.
