Dear Larry,

On behalf of the Large Jet Engine Department and specifically the Value Analysis group we wish to extend to you our sincere thanks and appreciation for your excellent talk at our recent seminar. Your talk was exceedingly meaningful and pertinent to our business, and many favorable comments have been received from within the Department.

The seminar is currently being summarized and copies of the summation will be mailed to you by John Gracely as soon as they are available. We also wish to thank you for the time which you spent with us discussing Value Analysis techniques and problems and are grateful for the considerations rendered during this meeting.

We are looking forward to seeing you again in the near future and hope that we may in some way return the favor at some future date.
