Dear Larry:

Just a note to thank you for taking care of my request for information on General Electric's Suggestion System.

As usual, you can always be counted on to provide that little extra bit of assistance.

Larry, it is with the deepest humility and appreciation that I say "Thanks" to you for the efforts you have put forth to start me and help me in Value Analysis/Engineering. Your efforts have made the last eleven years of my life the most rewarding as well as the happiest.

I know that there will never be a way to repay you, but if I can ever be of assistance, please contact me.

Sincerely,

JOY MANUFACTURING COMPANY
