

Rensselaer Polytechnic Institute, Troy, New York.....April 15, 1964

Through arrangements with Prof. Carger, Dean of School of Management  
Class of mid-career officers (majors, lieutenants, etc.) oriented to high level.

Your questions

What org. to report to?

What diff. VE and producibility?

How quantify items less Q-able like attractiveness?

Do ever finish VA a particular line?

How much time to do VE?

When should really start VE?

What main org. drawbacks?

If really econ. feasible, why not done as planning instead of controlpart?  
do it before, not after

What makes it unique

Separate discipline

Why not part of eng

What VE is not

What VE is

Experiences with DOD

Answer Q
