Mr. Stanley G. Kratsert, Manager, Value Engineering
Light Military Electronic Department
General Electric Company
901 Broad Street
Utica, New York

Dear Stan;

I want to express my appreciation on behalf of the Sullivan Trail Chapter, A.I.I.E. for the excellent program that you gave for us Thursday, April 25, 1963. I have heard nothing but excellent comments about the content of your talk and the manner in which you delivered it. You did an excellent job of representing your company.

As you suggested, I mentioned your name to Vic Short, President of the Institute of Human Relations. He not only remembered you, but informed me that in his opinion, you were one of the best in your field and complimented me on having been able to get you as a speaker.

The check to cover your traveling expenses will be forthcoming. It will be issued at our next Board of Directors meeting which will take place on May 16, 1963. I hope that this delay will not inconvenience you too much.

Not only did I appreciate the job that you did for me in my capacity as Director of Programs, but I personally enjoyed the opportunity to get acquainted with you. I hope that I will get to see you again soon.

Very truly yours,

Walker T. Howell
