Re 1980 Conference

Dear Bob:

Bill Lenzar's Apr. 30 letter advises the time and other arrangements of my presentation on May 14.

I will come to the speakers room at least an hour before eleven on May 14.

I do need some material to hand out either prior or after my presentation.

Pages 121 thru 125 of the 1979 conference proceedings.

Enough copies so that each attendee can take home a set.

The thrust of my presentment will be "Go back home and teach some purchasing people to use VA/E techniques". The above handout tells exactly how, and is vital.

I will not need any visual aids.

I would much prefer a lapel microphone.

Thanks a million Bob for all you're doing. Will be a treat to be with you at a great conference.

Sincerely,

Harry Giles

Hello Bob -

Thanks for taking over the
preparation for printing of
Larry's Paper.

Am sure Smitty relayed my
message to you.

A Very happy report that
Larry is feeling much better.
No pain - a severe heart attack
has been ruled out.

Expect to be at Conference and enjoy
All of our dear friends. Greetings
to Mary -
Fondly
Eleanor.
