SOCIETY OF JAPANESE VALUE ENGINEERS (SJVE)

October 22, 1975

Mr. Lawrence D. Miles  
Sedgefield R 5 B 840  
Easton, Maryland 21601  
U. S. A.

Dear Mr. Miles:

I am happy to be able to report to you that the 8th National Conference of our Society was a good success with approximately 550 people meeting together on October 14 and 15.

Thank you for your congratulatory message for the Convention. It was received in time and was announced to the conferees at the opening of the convention on October 14. Every participant was much impressed with your stimulating words for establishing a way to get Better Value from the changing world of industry.

At this convention we had the pleasure of having Mr. Vincent L. Lao of Alexandria, Va., as the International Guest Speaker. He made an expert presentation on the subject of "VA/VE in Construction Industry." We'd be very happy if our future National Conferences...usually held in this pleasant season of the year...could be participated by you again and by your Value Engineering friends.

Thank you again for your kind interest and cooperation, we look forward to our closer relationship and friendship,

Very sincerely,

*A. Kodama*

Akira Kodama
