## LADIES PROGRAM

### 1980 SAVE INTERNATIONAL CONFERENCE

"Dallas 80" is a time for the ladies of our Society to "Discover Dallas".

On Wednesday a lunch has been planned at one of Dallas' exciting tea rooms, followed by a shopping trip in the downtown area, with its many shops and department stores...including "Neiman-Marcus". Afterwards spend a quiet time together enjoying wine and cheese before continuing on to the evening events.

Thursday is a full day of excitement "Discovering Dallas". We'll view many landmarks and monuments that have come to make Dallas what it is today. After lunch at one of the top night clubs (which opens for lunch) in Dallas, we'll try to walk off those pounds at Olla Padrida. The authentic western influence of this mall is a marketplace for artists, craftsmen and collectors. The many shops include handmade jewelry, leather goods, quilting, and much, much more.

Don't let the men be the only ones getting the best "Value"...this is a conference you won't want to miss. Come and let us show you true "Southern Hospitality".
