Late Registrations, Adds, Drops and Withdrawals

Any student wishing to register or add classes after January 3 must obtain written permission from the instructor or department on an Enrollment/Change of Enrollment Request (Add/Drop Form), and then submit the form to the Department of Enrollment Services (MEL 274) no later than January 7. Due to the very condensed nature of UWinteriM, instructors are not required to approve registrations or adds once classes begin.

January 7 is the last day for students to change UWinteriM classes from a graded to a credit/no credit basis and vice-versa.

January 7 is also the last day that students may drop courses without owing full tuition for them.

This publication may be requested in accessible format.

Students may still drop 3-week UWinteriM classes via PAWS through January 12, but **full tuition remains due for classes dropped after January 7.**

There will be no transcript notation (W grade) for UWinteriM drops.

Guest students who register only for UWinteriM may withdraw by sending a signed letter to the Department of Enrollment Services, by January 12, stating their wish to withdraw. Certified mail is highly recommended. There is a withdrawal fee after December 29. **Full tuition remains due for withdrawals after January 7.**

No withdrawals will be accepted via telephone or via email.

Class Time Conflicts/Overlaps

Students must obtain, in advance, the instructor's approval via an add/drop form to enroll in classes which have any time conflict or overlap.

Late Registration Fee

A \$50.00 late registration fee will be assessed if you register on or after January 3. If your payment is not received by the due date, you may be assessed a \$25.00 late fee.

Fee Schedule and Policies

UWinteriM is a separate term for purposes of tuition and enrollment verification. Enrollment in UWinteriM will not count toward full-time or part-time status for either the fall or spring semesters.

The Bursar will bill students separately for UWinteriM courses. Students who were enrolled in the fall semester and who paid their segregated fees along with their fall semester tuition will be able to use campus services supported by those fees (e.g. Norris Health Center, UPASS, etc.) during UWinteriM. Students who did not pay segregated fees during the fall semester; or who were not enrolled in fall, will not be eligible to use these facilities.

Students who drop UWinteriM classes by December 29 will not be assessed fees for these classes. Students who drop after December 29, but no later than January 7, will be assessed a \$50 withdrawal fee. For drops after January 7, there will be no reduction in fee obligation. Full tuition will be due.

Fees for all UWinteriM classes are due by December 29, 2010.

Financial Aid

Financial aid may be available for tuition and books for UWinteriM. Availability of aid will be based on the remaining portion of the student's academic year Stafford loan eligibility.

To qualify: Students receiving aid must be enrolled for three (3) credits, must have been enrolled for fall semester and need to complete a UWinteriM aid application and be registered for three (3) credits by January 3 to be considered for aid.

Enrollment in UWinteriM counts against a student's time frame for aid whether or not the student receives aid (.25 semesters deducted from the time frame for three credits or less). Additional information and the UWinteriM application will be available under the "Special Academic Term" link on the Department of Financial Aid Web page at financialaid.uwm.edu after October 15.

Grades

Grades will be available on PAWS on January 25, 2011.

Undergraduates who receive an incomplete during UWinteriM must remove the incomplete by the end of the following semester of enrollment. For graduate students, incompletes must be removed by the end of the following semester.
