Dear Mr. Miller:

I wish to extend our sincere thanks for the participation of Mr. Larry D. Miles at the first session of our Department of the Army Value Analysis Seminar, 9 October 1961.

His opening day presentation "Pioneering with New Tools" was both inspirational and of immediate interest to the participants in this initial session.

This particular program being conducted by the Arsenal 9 thru 20 October 1961, at the order of Lt. General Trudeau, Chief of Army Research and Development, is being attended by representatives of the Army's seven Technical Services. I feel confident that Mr. Miles' outstanding contribution will greatly assist the Army in spreading the gospel of Value Analysisism.

A sincere thank you for your cooperation and support.

Sincerely yours,

RAYMOND J. SPENARD
