SOCIETY OF JAPANESE VALUE ENGINEERS (SJVE)

August 31, 1977

Mr. Lawrence D. Miles
Sedgefield R5 B840
Easton, MD 21601
U. S. A.

Dear:

We are getting busierr in preparing for the 10th Annual Conference of SJVE and making arrangements for your forthcoming visit, based on your letter of August 2 to me and that of August 10 to Mr. Ichiro Ueno.

We are thinking of your roles in the Conference as follows:

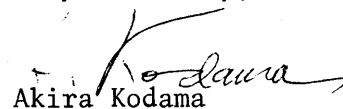

1. During the Opening Session on the first day (Oct. 26), we'd like you to speak briefly to the audience. In that speech, please announce your basic ideas on the Miles Award for Japanese "V.E. groups," based on what we discussed during the SAVE Conference.
2. On the second day (Oct. 27), one and half hours are set aside for your commemorative lecture (3:15 through 4:45 hours). We'd much appreciate your presentation largely designed to the theme: MY PERSONAL EXPECTATIONS FROM JAPANESE VALUE ENGINEERS. Please note that an English-Japanese interpreter will be helping you, spending half of your time.

Around the end of September, we will see to it that you be notified by Japan Airline for pick-up of your air-tickets. Your wishes for travel routing will be covered accordingly.

Toward the SJVE Conference dates, we may be approached by any Japanese companies (groups) for your lecture or visit, and we'd incorporate such requests in our arrangements for you. If you wish to make any short travel(s) in Japan, let me help you in making necessary arrangements. Since we wxpect to have a few other participants from the U.S. including Mr. Rudy Kempter (for his DTC Seminars), we will select a suitable hotel for all such visitors in Tokyo.

Please feel free to let me know of whatever wishes that we can be of any help to you and Mrs. Miles. Our best regards to you both from myself, Mr. Ichiro Ueno and Mr. Toshio Tanaka.

Very sincerely,

Akira Kodama
Secretary General, SJVE
