October 15, 1954

Mr. L. Miles
Value Analysis Branch
Building 32-G
SCHENECTADY, NEW YORK

Dear Larry:

Again we wish to thank you for your most inspiring and eye-opening value analysis presentation to our Society. I know that we all will have more of a feeling of value consciousness as a result of hearing your talk.

It was nice seeing you again, and we sincerely hope you will oblige us with another visit in the not too distant future.

Sincerely,

R. H. Leonard
