Dear Sir,

We thank you for your kindness in providing us with efficient V.E. Reports. We lost no time in studying them and we hope to utilize those that we find will be most useful to our V.E.

It was a great encouragement to our employees when you gave us a lecture at our office and it helped to promote our firm's V.E.

The S.J.V.E. will hold a national convention coming October 30 and 31, 1973, and at this time I will announce a thesis titled "Efficiency of V.E.". Since a translation of said thesis will be sent to S.A.V.E. in the near future, I would like you after reading to give me your comment on it.

It is regrettable that you cannot attend the S.J.V.E. convention to be held this year.

Looking forward to your instruction in V.E. when we meet again.
With my best regards.

Sincerely yours,

Isamu Baba
