

University of Wisconsin Digital Collections

Vision

The University of Wisconsin Digital Collections (UWDC) was created in the summer of 2001. In the spirit of the "Wisconsin Idea," the Council of the University of Wisconsin libraries and the UW System's Office of Learning & Information Technology established the UWDC to provide professional leadership in the creation of quality digital resources from libraries and archives, for faculty, staff and students, citizens of the state, and scholars at large.

Content

The University of Wisconsin Digital Collections Center (UWDC) creates and provides access to digital resources from a variety of original formats including books, photographs, archival materials, audio, and video. These resources are freely available to the general public via the World Wide Web.

The following collections present a sample of our digital resources.

For a full list of UW digital collections, visit our Web site at: <http://uwdcc.library.wisc.edu>

Decorative Arts and Material Culture

<http://digital.library.wisc.edu/1711.dl/DLDecArts>

The Digital Library for the Decorative Arts and Material Culture collects and creates electronic resources for study and research of the decorative arts, with a particular focus on Early America.

Included are electronic texts and facsimiles, images, and Web resources. **Funded in part by the Chipstone Foundation.**

Ecology and Natural Resources

<http://digital.library.wisc.edu/1711.dl/EcoNatRes>

The Ecology and Natural Resources Collection brings together, in digital form, primary and secondary resources related to ecology and natural resources.

Contents include Dept. of Natural Resources Research and Technical Reports, the *Passenger Pigeon*, the Virginia Kline Collection, and Wisconsin Land Economic Inventory Maps (Bordner Survey).

MINDS@UW

Worried that your floppy disks won't stand the test of time and looking to make your work available to a wider audience?

Minds@UW might be the solution for you.

Minds@UW is...

- a digital repository designed to distribute and preserve the digital materials produced by the University of Wisconsin faculty and staff
- a home for published and unpublished electronic content from any discipline
- accessible via the World Wide Web

Minds@UW will...

- increase visibility for research and teaching activities in your department and research center
- supply a permanent URL for all content
- offer a fast and efficient publishing alternative

To learn more about the program see: <http://minds.wisconsin.edu> or contact us at minds@library.wisc.edu

The State of Wisconsin

<http://digital.library.wisc.edu/1711.dl/WI>

The State of Wisconsin Collection presents published and archival materials such as books, manuscripts, sound recordings, photographs, maps and other resources including the Belgian-American Research

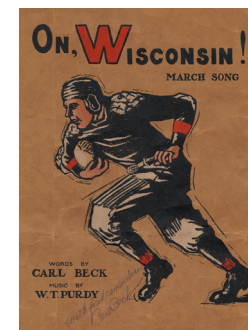

Collection, the History of Agriculture and Rural Life in Wisconsin, and resources that document Wisconsin-related experiences during the Civil War and WWII.

The University of Wisconsin

<http://digital.library.wisc.edu/1711.dl/UW>

The University of Wisconsin Collection includes images, manuscripts, papers, and books, all relating to the University's history or mission, including selections from the UW Archives, UW Alumni Magazine and directory, yearbooks, History of Women at UW, and other pertinent resources that present UW's legacy.

What the UWDC Center Can Do For You!

UWDCC staff are librarians, archivists, technology specialists, and other information professionals with expertise in image reformatting, metadata, digital project management, database development, and Web design and programming.

Staff can provide consultation related to digital library repository project development, technologies and standards, digital preservation, and content management modules. UWDCC digital librarians also offer instruction for searching and using digital resources
